Local Outcomes Improvement Plan

Purpose of Report:

This report provides members of the Strategic Partnership with a refreshed Local Outcomes Improvement Plan (the Glasgow Community Plan), from 2024 to 2034 for their consideration.

Recommendations:

Members are asked to:

1. Approve the Local Outcomes Improvement Plan (the Glasgow Community Plan) 2024-2034 as attached

1 Introduction

1.1 This report provides members of the Strategic Partnership with a refreshed Local Outcomes Improvement Plan (the Glasgow Community Plan), from 2024 to 2034 for their consideration.

1.2 The Strategic Partnership on 5 September 2023 approved the Executive Group's request to return to this Partnership with proposals for a refreshed Local Outcomes Improvement Plan (LOIP). The Executive Group have been working to refresh the LOIP since April 2023. There has been broad agreement on the future direction of the Partnership during this work, focused on:

- The refresh of the defining Mission of the Partnership based on its strategic priorities, the challenges and opportunities posed by recovery and renewal from Covid, and the cost-of-living crisis.
- The development of fresh governance that responds to this renewed focus, the needs of the Partnership, and those of Glasgow's communities.
- How the Partnership can add value to the city's work to face the challenge of family poverty and its prevention through a refreshed LOIP that focuses on a whole person-centred approach

1.3 The Community Empowerment (Scotland) Act requires that Glasgow Community Planning Partnership prepare and publish a Local Outcomes Improvement Plan. The current Local Outcomes Improvement Plan for Glasgow was approved by the Strategic Partnership on 26 September 2017.

1.4 It should be noted that efforts of partners to implement the Glasgow Community Plan have been successful in many areas and it is imperative that the Partnership continue to build on a wealth of good practice and strong partnership working.

2 Proposed Priority Local Outcome

2.1 Throughout this process there has been broad agreement on the future direction of the Partnership, with current person-centred work to tackle family poverty and improve public health coming through as clear priorities for all the partners. There was agreement that the Executive Group should focus on what it can do drive the enablers the priority local outcome.

2.2 The proposed priority local outcome is:

- FAMILY POVERTY | REDUCING POVERTY AND INEQUALITIES IN GLASGOW'S COMMUNITIES

2.3 The attached LOIP details this outcome, gives an overview of the enablers to assist the achievement of the outcome, and an outline of how the Partnership should organise itself to ensure good outcomes and effective decision-making.

3 Governance Framework

3.1 There is an intention to bring a future report to the Strategic Partnership with proposed amendments to the Governance Framework, reflecting the priorities in the draft Local Outcomes Improvement Plan / Glasgow Community Plan.

3.2 The Executive Group continue to refine proposals, and the engagement process around them. At this stage, it is proposed that the Sector Partnerships and Sector Senior Officer Groups are withdrawn from the Governance Framework, providing space for informal and productive arrangements to develop which meet local needs to address the priorities as outlined in this report.

4 Recommendations

4.1 Members are asked to:

4.1.1 Approve the Local Outcomes Improvement Plan (the Glasgow Community Plan) 2024-2034 as attached
