Neighbourhood Infrastructure Fund - Community engagement – Update noted.

6 There was submitted a report by the Head of Policy and Corporate Governance regarding an update in relation to the process for engaging communities in relation to the Neighbourhood Infrastructure Fund (NIF), advising that

(1) the next agreed ward for community engagement was Drumchapel/ Anniesland to start in Autumn 2024 and the kind of 'people' resource that was needed, had been identified at this stage to be predominantly co-ordination, survey creation, people who could do community engagement with people in the area, and data analysis; and

(2) the Communities Team would still carry out much of the 'feet on the ground' engagement, with additional support from Glasgow Life and colleagues across different services from Neighbourhoods, Regeneration and Sustainability.

After consideration, the Partnership noted

(a) the report; and

(b) Maggie Paterson, Partick Community Council's suggestion that all members of the partnership should collate data analysis based on their knowledge of the Ward to assist with the community engagement process.
