Neighbourhood Infrastructure Fund - Community engagement – Update noted – Request to Executive Director of Neighbourhoods, Regeneration and Sustainability.

6 There was submitted a report by the Head of Policy and Corporate Governance regarding an update in relation to the process for engaging communities in relation to the Neighbourhood Infrastructure Fund (NIF), advising that

(1) the next agreed ward for community engagement was Drumchapel/ Anniesland, due to commence in Autumn 2024; and

(2) the Communities Team was still working on the engagement process to potentially include a number of wards across the city in 2025 and that Springburn/Robroyston would be a potential area that would be looked at.

After consideration, the Partnership

(a) noted

(i) the report; and

(ii) that it wanted spending to be allocated fairly across the ward; and

(b) requested an additional meeting with NRS for either October or November of this year to arrange further NIF costings to be arranged.
