Health and Social Care Partnership - South Glasgow update noted – Request to Head of Policy and Corporate Governance.

6 There was submitted a report by the Interim Chief Officer, Glasgow City Health and Social Care Partnership (GCHSCP), regarding an update on the south of the city, advising of the work carried out by GCHSCP, including the Cardonald ward, and information regarding the Scottish Drugs Forum training.

After consideration, the Partnership noted

(1) the reports;

(2) that future reports should concentrate more on activities within the ward;

(3) that City Property had refused to allow Turf and Fair to use a property at the Boulevard, which given the lack of community space available within the ward, was disappointing; and

(4) that the Communities Team would link in with GCHSCP, Turf and Pollok United to look at joint work that could be carried out in the area.
