FESTIVE LIGHTING PROGRAMME 2024/25

Purpose of Report:

The purpose of this report is:

(1) to advise members of the central funding available and the pricing guidelines for the 2024/25 festive lighting programme.

(2) remind members of the 23/24 festive lighting programme; and

(3) to seek agreement on the 24/25 programme and, where necessary, the allocation of additional funding.

Recommendations:

The Area Partnership is asked to:

(1) note the 2023/24 festive lighting arrangements and the central funding available for the 2024/25 programme;

(2) agree whether the 2023/24 festive displays and switch-on events are to be included in the 2024/25 programme;

(3) accept the recommendations for locations/relocations per items 4 (a) (b) and (c) of this report;

(4) approve the necessary funding for any additional costs over and above the central funding. This decision shall be confirmed at a special festive lighting meeting, held in October, following receipt of the updated pricing table, or by delegating authority to the Director of Communications and Corporate Governance, having consulted with the Chair, to approve final costs.

Introduction

1. The Council took the decision to delegate funding for peripheral festive lighting to the Area Partnerships as part of the budget process for 20/21. A similar arrangement is proposed for the 2024/25 programme.
2. Each Area Partnership is awarded £3,600 central funding to meet the costs of erecting and maintaining festive lighting, usually at a single location.
3. Area Partnerships have the option to fund additional festive lighting locations.

23/24 Festive Lighting Programme

4. The festive lighting programme for the Ward delivered as part of the 23/24 programme is shown below.

Location	**Type of Feature**
Springburn Shopping Centre	Xmas Tree (Off Road)
Wallacewell Rd	Xmas Tree (On Road)
Robroyston Rd / Standburn Rd Roundabout	Xmas Tree (On Road)

Revised Locations Requested

The area partnership has requested the lighting team look at new tree locations for this ward. This was reviewed by the festive lighting team and the following comments are made.

1. Current location at Springburn Shopping Centre - Xmas tree off road - proposed re location to Atlas Road- Unfortunately at the proposed position there is no suitable lighting column to take a power supply from. Therefore, this proposed new location is not suitable.
2. Current location at Wallacewell Rd – Proposed relocation of tree from Wallacewell Road to the corner of Ryehill road and Quarrywood Avenue. This has an available power supply although the ground is not owned by GCC and is part of Barmulloch Community Development Centre. If permissions can be granted, this site would be a suitable location for a Xmas tree.
3. Current location at Robroyston Rd / Standburn Rd Roundabout- Proposed relocation of Xmas tree (a) to the grounds adjacent to St Joseph's Nursing Home or (b) – other side of Auchinleck Avenue entrance from Robroyston Road roundabout (closer to St Joseph's Nursing Home).
    a) St Joseph's Nursing Home further investigations would need to be carried out re the power supply and Permissions would need to be sought from the Nursing Home
    b) The proposed tree looks to be Mature enough to take the lights and a Local Lighting column is available to provide local power which would require to be applied for.

4. After reviewing the revised locations request, we would recommend the following-
   a) Springburn Shopping Centre Tree to be left in the same location.
   b) Wallacewell Road tree to remain at the existing location this year Xmas 24. Permissions to be sought at proposed new location Ryehill Road and Quarrywood Avenue, for 2025 onward.
   c) Relocate the Robroyston Rd / Standburn Rd Roundabout for Xmas 24 to the grassed verge adjacent to St Joseph's Nursing Home, proposed location (a).

5. It has also been noted the request from Helen Carroll to remove the switch on event at the Springburn tree location. This will be reflected within the revised pricing schedule in item 8.

24/25 Festive Lighting Programme

6. The standard pricing schedule for the 24/25 festive lighting programme is set out below, which remains the same as previous years. These prices are currently undergoing a review and will be updated on receipt of the new pricing information in October. The Festive Lighting delivery programme is subject to a new procurement exercise for years 2025 to 2028.

7.

Option	**Price**
15-18ft Xmas Tree (Off Road)	£3,600 / tree
15-18ft Xmas Tree (On Road)	£5,000 / tree
18-21ft Xmas Tree	£300 surcharge
Lights in Natural Tree	£3,600 / tree
Street Lighting Column Features	£3,600 for 8 No (£450 / column)
Switch-on Event (Off Road)	£105 / event
Switch-on Event (On Road)	£800 / event
Adaptation of Street Lighting Column for Power	£260 / new feature
Structural Check of Street Lighting Column	£45 / new column feature

8. The cost to repeat the 23/24 programme in 24/25 would be as follows: Please see note below the pricing table.

Location	**Feature**	**Price**
Springburn Shopping Centre	Xmas Tree (Off Road)	TBA
Wallacewell Rd	Xmas Tree (On Road)	TBA
Robroyston Rd / Standburn Rd Roundabout	Xmas Tree (On Road)	TBA
Verge adj. St Joseph's nursing home	Adaptation of Street Lighting Column for Power	TBA
	Sub-Total	
	Deduct Central Funding	£3,600
	Total Additional Funding	**£**

A new City-Wide festive lighting contract is being procured which is intended to deliver our installation requirements over the next three or four years. Commercial and Legal considerations in relation to the extensive contract has lengthened the tender preparation timescales originally envisaged, prolonging the process.

The Festive Lighting tender is due for publication in early August. This means that the council is unable to produce the new Festive Lighting pricing schedule in time for the Area Partnership meetings of August/September. The programmed timescale for issue of the 2024 pricing schedule will be early October, interdependent upon completion of the Health & Safety, Legal and Commercial evaluation, and contract award.

When the new 2024 pricing schedule is complete a revised Festive Lighting Programme paper will be issued to the 23 Area Partnerships in October where it can be accepted at a special meeting. This would be expected around week commencing 21st October.

7. As an alternative to arranging a special meeting, the Area Partnership may choose to delegate authority to the Council's Director of Communications and Corporate Governance, having consulted with the Chair, to approve funding prior to 31st October 2024 for locations agreed by the Area Partnership on condition that the costs are no more than the 2023/24 costs for the same locations.

9. The Area Partnership can nominate additional or alternative festive lighting locations to those delivered as part of the 23/24 programme.

10. The Area Partnership is invited to identify the locations where a switch on event is proposed to be held for either a Xmas or natural tree. Column mounted features will come on at the same time as the streetlights on the day of installation.

11. If the total cost of the delivering the festive lighting programme selected by the Area Partnership exceeds the £3,600 central funding, then the balance of the funding will require to be met by the Area Partnership from other funds.

Recommendations

12. The Area Partnership is asked to:

(1) note the 2023/24 festive lighting arrangements and the central funding available for the 2024/25 programme;

(2) agree whether the 2023/24 festive displays are to be included in the 2024/25 programme;

(3) accept the recommendations for locations/relocations per items 4 (a) (b) and (c) of this report;

(4) approve the necessary funding for any additional costs over and above the central funding. This decision shall be confirmed at a special festive lighting meeting, held in October, following receipt of the updated pricing table, or by delegating authority to the Director of Communications and Corporate Governance, having consulted with the Chair, to approve final costs.
