Anderston/City/Yorkhill Area Partnership Workplan

Purpose of Report:

To provide members with an overview of Area Partnership meeting business and request that members agree on topics they would like to see covered at future meetings.

Recommendations:

The Area Partnership is asked to:

1) note the report;
2) review the frequency of reports given by partners; and
3) discuss and agree items they would like to see on future meeting agendas for 2024/25.

1. Introduction

1.1 This report aims to inform members of business which is within the remit of the Area Partnership and how frequently items should be brought to the Partnership for discussion.

1.2 Across the 23 Area Partnerships, Community Members (mostly from local Community Councils) and Statutory Partners sit as members and provide reports / updates at various intervals.

1.3 As Statutory partners, Police Scotland and Scottish Fire and Rescue will report to four of the six Area Partnership meetings for Ward 10, in alignment with their reports to the other Area Partnerships, which only meet four times a year.

1.4 The North West Voluntary Sector Network will also provide a report/update for each of the four standard Area Partnership meetings, but may wish to provide an update at the additional two Area Partnership meetings.

1.5 Council Services (such as Neighbourhoods, Regeneration and Sustainability, Education Services, Social Work Services, Financial Services etc.) and ALEOs such as Glasgow Life, do not have membership on the Area Partnership but can be invited to attend to discuss various items members feel are important to their ward. There is currently no strict timetable for this, although it is generally accepted that a report/update on cleansing is heard at least twice a year.
