Building Connections – Presentation by Sports Forever Foundation noted.

5 The Partnership heard a presentation by Kieran McGregor, Manager of Sports Forever Foundation regarding Building Connections, advising that

(1) its mission was to combat trauma and improve mental health through engaging physical and wellbeing activities;

(2) the programs had been designed to support those experiencing grief by providing a safe and supportive environment where they could heal through physical activity and social connection;

(3) the local community faced challenges such as, social isolation, mental health issues, and the post pandemic effects;

(4) it had partnered with Glasgow City Council (GCC) which allowed the foundation to get people out of their local area and to tackle the challenges and issues they had faced; and

(5) it had reached a lot more people through the funding of the mini bus;

After consideration, the Partnership

(a) noted the presentation and thanked Keiran McGregor for the information; and

(b) raised a number of questions that were addressed by Kieran McGregor.
