Police Scotland ward update noted etc.

4 There was heard and noted a report by Inspector Chris Thomson, Police Scotland, advising the Partnership that

(1) there had been no issues with fireworks in the Langside Area however imported fireworks had posed an issue as they were more powerful and created more noise;

(2) they were trying to push for a resolution with regards to Langside Halls as the building lying vacant had been causing some issues and they were currently working with Neighbhourhoods, Regeneration and Sustainability towards a solution;

(3) since the last Area Partnership meeting there had been no serious crime issues, which was positive; and

(4) in the run up to Christmas, Police Scotland would be running a don't drink and drive campaign.
