Neighbourhood Infrastructure Fund update noted – Request to Executive Director of Neighbourhoods, Regeneration and Sustainability.

7 With reference to the minutes of 11th April 2024, there was submitted and noted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS), regarding the Shettleston Infrastructure Fund, advising of the progress in relation to the process to support the Neighbourhood Infrastructure Fund (NIF) including a summary of commitments to date, as detailed in Appendix 1 of the report.

After consideration, the Partnership

(1) noted the balance outstanding to spend for Shettleston NIF was £1m;

(2) highlighted that the costing of a feasibility study of £15k to determine a fuller cost of trees at Shettleston Road, as detailed in Appendix 1 of the report was too expensive and may be removed from the list;

(3) requested the Executive Director NRS provide the Partnership with details of the process and costings for renewal of street signage, markings, entry points throughout all areas of the ward, and school related road safety measures within the Mount Vernon area; and

(4) noted that any ideas or suggestions be submitted to Ross MacPhail, Neighbourhoods, Regeneration and Sustainability and/or copy in Karen Kenny, Communities Support Officer as soon as possible to be listed, costed and submitted back to the Partnership for approval.
