Neighbourhood Infrastructure Fund - Community engagement report noted.

4 There was submitted a report by the Head of Policy and Corporate Governance, regarding an update in relation to the process for engaging communities in relation to the Neighbourhood Infrastructure Fund (NIF), advising that

(1) the next agreed ward for community engagement would be Drumchapel/ Anniesland to start in Autumn 2024 and the kind of 'people' resource that was needed, had been identified at this stage to be predominantly co-ordination, survey creation, people who could do community engagement with people in the area, and data analysis;

(2) the Communities Team would still carry out much of the 'feet on the ground' engagement, with additional support from Glasgow Life and colleagues across different services in NRS; and

(3) that the Communities Team was developing a programme of community engagement for 2025 and an update would be provided.

After consideration, the Partnership noted

(a) the report;

(b) agreed that action was required to be undertaken for wider engagement, particularly with Gerry Baldwin, Fuse Youth Café whose organisation was undertaking the 'Shaping Shettleston' community questionnaire/survey; and

(c) highlighted that the Partnership were keen to be considered as a priority as the next ward to be part of the Communities Team engagement for the NIF.
