Local Parks & Open Space Improvement Fund – Update Report

Purpose of Report:

To provide the Area Partnership with an update on the Local Parks and Open Space Fund for the Shettleston ward.

Recommendations:

The Area Partnership is asked to note the contents of this report

Introduction

The Glasgow City Council allocated £3 million to Area Partnerships across the city for investment in Parks and Open Spaces over 2021/22 & 2022/23. This report is to provide members an update on each allocated project within the ward and to advise on any further steps to be taken.

It should be noted that 328 projects have been approved citywide since year 1 of this fund. Whilst the Service is placing focus on delivering these within desired timescales, these will be subject to ongoing resource pressures within the Service, alongside business-as-usual activities. Where possible, the Service has been engaging with partners to grant award monies for project delivery where appropriate.

Summary

The following table provides an update on projects allocated within the ward for each year:

2021/22

Location	Proposal	Budget Allocated	Status & Next Steps
Tollcross Park	Widening and improve condition of footpaths linking Nursery with Wellshot Road and Swimming Centre, enhancement of existing lighting along this route, renew park signage at Wellshot Road, add reference to the new Nursery on the finger signage within the park.	£37,988	Lighting and tar repairs carried out-review being carried out – further work to be carried out Autumn 24
