Police Scotland ward update noted.

8 There was heard and noted a report by Inspector Gerry Bryceland, Police Scotland, advising

(1) that youth disorder and general crime had decreased and there had been no emerging trends in the ward;

(2) of the action plan for the festive period that would commence on 1st December 2023, that would focus on additional patrols in the community and of social media coverage to promote personal safety, particularly due to darker nights;

(3) that intelligence gathered from ring door bells on social media had put people at risk and that in the first instance members of the public should contact Police Scotland 101; and

(4) of the drop in sessions in October 2023 at Baillieston Police Station that had been successful and that more sessions in the community would continue during the festive period into the new year.
