Live Well Community Referral Initiative noted.

6 There was submitted a report by the Chief Executive, Glasgow Life, providing an overview of the Live Well Community Referral (LWCR) initiative piloted in Calton (Ward 9), advising

(1) that the LWCR initiative had been established by Glasgow Life to make use of its people and assets to support individuals and communities, especially those living in deprivation to improve health and wellbeing outcomes;

(2) that the pilot LWCR programme had focused on the area in and around the Calton ward which remained an area of high deprivation and home to communities and people that experienced poor health and wellbeing;

(3) that LWCR was a key commitment in the Council's Strategic Plan 2022-27 as part of Grand Challenge 1, Mission 4 "Support Glasgow to be a city that is active and culturally vibrant";

(4) of the LWCR pilot programme and the outcomes, as detailed in the report;

(5) that Glasgow Life was committed to expanding the initiative to become a sustainable, mainstream, citywide programme and a transition plan for expansion was currently being drafted and that implementation of the final version would be dependent on the findings and recommendations of the final external evaluation report as well as securing external funding;

(6) of the significant stakeholder and partner engagement that had taken place during the pilot phase; and

(7) that Glasgow Life would report on progress on expansion of the LWCR pilot to this committee and the city's Public Health Oversight Board.

After consideration, the committee noted the

(a) Live Well Community Referral initiative along with impact secured to date; and

(b) outline proposals for the expansion of Live Well Community Referral going forward.
