Glasgow's Food Plan – Presentation by Glasgow Food Partnership noted.

4 The Partnership heard a presentation by Ms Jill Muirie, Glasgow Centre for Population Health regarding Glasgow's Food Plan, advising

(1) that the vision for Glasgow was to be recognised for its good food and as a city where tasty, healthy, affordable food was accessible to everyone;

(2) of the Glasgow Food Policy Partnership partners and how the Plan had been collaboratively developed over 2 years; and

(3) of the evolving plan together with the long term outcomes of the plan.

After consideration, the Partnership

(a) thanked Jill Muirie for her presentation;

(b) raised questions in relation to the sustainable restaurant directory in terms of what this looked like and if there was a criteria that restaurants had to meet which Jill Muirie responded to and that the directory could be viewed at http://slowfoodglasgow.co.uk/GSFD-Second-Edition-1 ;

(c) raised concerns in relation to children's preferences and neurodiversity needs, of the impact of healthy eating and that fast food options were too easily accessible and more affordable for families; and

(d) raised questions in regard to partnership work with local organisations, which Jill Muirie advised of the continued engagement with the local community to promote good food, accessibility and affordability and to understand locally the barriers that could then be addressed at a city level, to supplement further work with local organisations and the business community.
