Appendix A- Complaints Against Police

Complaints Against Police

Complaint figures provided a decrease from PYTD and 3 year mean figures.

	YTD	PYTD	3 Year Mean	% Change PYTD	% Change 3Yr Mean
Number of complaints	398	437	447.7	-8.9%	-11.1%
Number of Complaints per 100,000 Incidents	33.8	39.4	39.1	-14.1%	-13.4%
Number of Allegations Off Duty	0	3	1	-100%	-100%
Number of Allegations On Duty	400	485	593.3	-17.5%	-32.6%
Number of Allegations- Quality of Service	186	205	207	-9.3%	-10.1%

There is an 8.9% decrease in complaints compared to PYTD and an 11.1% reduction compared to 3 year average.

On duty, Off duty and Quality of Service allegations have all reduced from PYTD and 5 year average.

Appendix B- Crime

Violent Crime

Overall violent crime has noted a decrease of 2.9% compared to PYTD and slight increase of 0.6% from 5 year mean. The table below provides a breakdown of non-sexual crimes of violence.

	YTD	PYTD	5 Year Mean	% Change PYTD	% Change 5Yr Mean	% Change in Detection Rate from 5 yr. mean
Overall Violent Crime	5628	5797	5596.8	-2.9%	0.6%	-1.0%
Murder	7	3	6	133.3%	16.7%	45.2%
Attempted Murder	20	21	35.4	-4.8%	-43.5%	18.6%
Culpable Homicide (common law)	0	0	0.4	-	-100%	-
Culpable Homicide (under statute inc. RTA sec 1)	2	6	3	-66.7%	-33.3%	150%
Serious Assault	309	346	418	-10.7%	-26.1%	0.8%
Robbery and Assault with Intent to Rob	184	124	168	48.4%	9.5%	11.4%
Common Assault	4246	4362	4106	-2.7%	3.4%	-1.3%

Violence Against Women and Girls

The table below outlines crimes usually associated with Violence Against Women and Girls.

Domestic abuse of females has noted a 6.7% increase compared to the same period PYTD. There is insufficient data to compare to the 5 year mean. The increase in domestic abuse reporting is encouraging, indicating public trust and confidence to report domestic abuse offences.

As outlined below Glasgow East in conjunction with PPU officers and third sector partners worked together during Q2 to safeguard and support victims of domestic violence, improving confidence to report criminality.

Rape/ Attempt Rape has noted an increase of 21.6% compared to PYTD, and an increase 9.3% from 5 year mean for the same period. As outlined in the main report PPU have been delivering inputs to Universities and colleges across Glasgow in relation to Sexual Crime, providing guidance on preventative measures and encourage reporting of such crimes.

Indecent/ Sexual assaults have noted a decrease of 4.6% from PYTD, and a decrease of 2.5% from 5 year mean.

Stalking has noted an increase of 13.6% from PYTD. This equates to 6 additional crimes YTD compared to PYTD. Compared to the 5 year mean stalking has noted a reduction of 11%.

Stalking is described as “two or more behaviours towards a victim which cause, are intended to cause, or where perpetrators behaviour is reckless as to whether it causes, the victim to suffer fear and alarm”.

During Q1, Greater Glasgow Domestic Abuse Investigation Unit and Domestic Abuse Safeguarding Unit (DASU) officers supported the Stalking Awareness Week initiative through engagement with schools, colleges, and universities. DASU provided literature which each establishment has shared internally with pupils and students with information on stalking offences, safety advice, and signposts to support agencies.

The slight increase in Stalking reporting maybe in response to these pro-active measures and increased awareness. Similar to the increase in domestic abuse reporting, this increase may be viewed positively, implying increased public trust and confidence to report stalking offences.

	YTD	PYTD	5 Year Mean	% Change PYTD	% Change 5Yr Mean	% Change in Detection Rate from 5 yr. mean
Domestic Abuse of Female	95	89	-	6.7%	-	-
Rape/ Attempted Rape	186	153	170.2	21.6%	9.3%	-14.9%
Indecent/ Sexual Assault	349	366	358	-4.6	-2.5%	7.7%
Stalking	50	44	56.2	13.6%	-11%	4.8%

Local Action- VWAG- Glasgow East

On Wednesday 6 September 2023 officers from Glasgow East Response, Community and Public Protections Unit officers and third sector partners worked together on a focused day of action to tackle Violence Against Women and Girls across the east end of Glasgow. The operation focused on several key areas including working with partners to safeguard and support victims of domestic violence, improving confidence amongst women and girls to report criminality to police, gathering intelligence in relation to prostitution and robustly policing repeat and violent offenders.

Adopting a Public Health Approach to Policing, officers worked with third sector organisations to engage and signpost women involved in sex work to relevant support agencies, whilst taking appropriate action against anyone found soliciting the area. Relationships with third sector agencies (Routes Out) were developed and will inform and support a long term vision to work together to reduce prostitution in the area. Policing activity also included enforcement of several domestic bail conditions and curfews, targeting prolific offenders and delivering DSDAS messages to safeguard women and girls.

Anti-Social Behaviour

Crimes associated with anti-social behaviour have noted decreases compared to PYTD and 5 year mean.

	YTD	PYTD	5 Year Mean	% Change PYTD	% Change 5Yr Mean	% Change in Detection Rate from 5 yr. mean
BOP, S38 & S39 Crim Just & Lic (S) Act 2010	3899	4659	4702	-16.3%	-17.1	-4.7%
***Drunkenness and Disorderly Conduct**	585	1407	1514.8	-58.4%	-61.4%	0.1%

**Includes Drunk and Incapable, Consume Alcohol in Designated Place Bye-Law, Drunk In Charge Of A Child, Drunk and Attempting Enter Licenced Premises*

Local Action- Anti-Social Behaviour

- **Silverburn, Pollock**

Due to an increase in anti-social behaviour in and around the Silverburn shopping centre and on First Bus services within Glasgow South West. A community anti-social behaviour action group was formed, and is led by Silverburn shopping centre. Local schools, elected members, transport providers, Tesco, Silverburn staff and Police Scotland are members and the group shares ideas on how best to tackle the underlying issues of youth disorder.

Tactics used included summer school activities, youth focussed events within Silverburn, education on the consequences of the behaviour and general law enforcement, and an increased police presence.

Another key strategy was referrals to diversionary programmes and general youth work in the area, such as Restorative Community Programme, operated by the Community Justice section of the Neighbourhoods Regenerations & Sustainability team at Glasgow City Council and programmes offered by Rangers and Celtic Football Clubs. In addition, the police Single Point of Contact (SPOC) is working with Cineworld to establish a fund to support further programmes, including a youth football scheme involving the coaches from a local club. The action of the police and their partners has had a positive impact on the situation, with instances of youth disorder now falling sharply.

Partnership working has been at the heart of the response to this policing challenge. Over and above the partnerships already outlined, Local Area Commander CI Johnston met with SFRS to strengthen local partnership working in the area and maximise any collaborative opportunities that may arise. This local connection will support other areas of business as the quarter progresses, including Operations Moonbeam and Academia and the Festive Policing Plans.

- **Carlton Place, Gorbals**

The Anti-Social Behaviour (ASB) and drug dealing concerns at Carlton Place, Glasgow has become the focus of police activity for some time now. We have received several complaints/reports about this and understand that there is growing community concern. As a consequence GD has increased dedicated patrols in the local area and we are taking significant steps to deter/disrupt this activity. Officers from Greater Glasgow DVRU have also been supporting local officers in tackling this problem.

As a consequence of our pro-activity we have seen an increase in drugs and weapons seizures, with numerous persons being reported to the Procurator Fiscal. Consequently GD has seen a significant drop in common assaults, serious assaults and street robbery in this area due to our increased police presence.

Gorbals Community officers have also been engaging with the business community to provide safety advice and guidance to assist in reporting incidents/ concerns to Police Scotland. Landlords have been approached regarding safety, maintenance and securing of vacant/ derelict properties near to the waterfront that have become a focal point for some of the ASB. Some landlords were quick to respond, clearing debris and securing vacant property.

In addition, several missing/ vulnerable people from Glasgow and across Scotland have been located in this area, many of whom were accessing the derelict/ vacant properties for shelter.

Appendix C- Hate Crime

Hate Crime

As outlined on the main report; **Hate Incidents** decreased by 10.5% from PYTD and by 8.5% from the 5 year mean, with 913 incidents PYTD, 817 incidents this year and 5 year mean of 892.6. **Hate crime** decreased by 14% from PYTD and the 5 year mean, with 877 crimes PYTD compared to 754 this year and 5 year mean of 876.8. **Hate crime detections** rates have decreased by 0.2% from PYTD and 3.6% from 5 year mean.

	YTD	PYTD	5 Year Mean	% Change PYTD	% change from 5yr mean
Hate Incidents	817	913	892.6	-10.5%	-8.5%
Hate Crimes	754	877	876.8	-14%	-14%
Hate Crime Detection Rates	56%	56.2%	59.5%	-0.2%	-3.6%
