Neighbourhood Infrastructure Fund - Update noted.

8 There was heard a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS), regarding the Shettleston Neighbourhood Infrastructure Fund (NIF).

After consideration, the Partnership noted that

(1) that a report would be presented at the next Area Partnership meeting; and

(2) future requests for NIF proposals should be submitted to the Area Partnership to agree if costing of the proposals should be undertaken by NRS and that these would then be brought back to the Area Partnership for consideration.
