**Neighbourhood Infrastructure Fund - Update noted.**

**6** There was heard a report by Ross MacPhail Neighbourhoods, Regeneration and Sustainability (NRS), regarding the North East Neighbourhood Infrastructure Fund (NIF).

After consideration, the Partnership noted

(1) that a report would be presented at the next Area Partnership meeting;

(2) that future requests for NIF proposals should be submitted to the Area Partnership to agree if costing of the proposals should be undertaken by NRS and that these would then be brought back to the Area Partnership for consideration; and

(3) the concerns and frustrations regarding the lack of progress and timescales with costings.
