Conditions

G The licence holder shall ensure:

1. Details, including safety documentation and risk assessments of any special effects to be used at any event, including lasers, pyrotechnics, fireworks, smoke and vapour effects, strobe lighting, high power projectors, LEDs, and UV lights must be forwarded to NRS, Environmental Health at least 14 days prior to the use of the said effects.
2. Suitable security and stewarding measures must be implemented to ensure public safety.
3. Suitable measures must be implemented, to ensure that there is adequate provision of competent personnel, to ensure that crowd management and security duties are carried out.
4. If the premises do not have an existing food operation and you intend to provide food for an event and you must contact NRS, Environmental Health **at least 21 days prior to the event to discuss your proposals**.
5. Should your existing food operation be altered in any way to provide food for an event e.g. there is an increase in food production, there is a change in the type of food being provided, then you must contact NRS, Environmental Health **at least 21 days prior to the event to discuss your proposals**.
6. All waste materials generated from the event must be uplifted and disposed of by a registered waste contractor, and records of the volume and type of waste made available for inspection by an authorised officer. Such records should be retained for a period of two years.
7. Applicants must refrain from advertising by fly-posting methods.
8. Noise from or associated with, any performance or sound check must not be audible within any dwelling or noise sensitive premises before 10:00 hours or after 23:00 hours.
9. The start time of any event must not be prior to 08:30 hours and the finish time shall be 23:00 hours Monday to Thursday and the event must not be prior to 08:30 hours and the finish time shall be 24:00 hours Friday to Sunday.
10. That the LAeq of the Music Noise Level (MNL) shall not exceed 75dB(A) over a 15minute period 1 metre from the façade of any noise sensitive premises.
11. The applicant must take whatever steps are necessary to ensure residents are informed at a reasonable length of time prior to the event, of the nature, time and duration of the event.
12. The licence holder shall comply with Coronavirus Regulations and relevant Covid-19 sectoral guidance, as they apply to the activities being carried out on site, during the period licensed.

H **Observations on Proposals:**

No adverse comment subject to compliance with conditions.
