

Glasgow Community Plan - Performance Framework – Update noted etc.

3 With reference to the minutes of 14th June 2024 agreeing the next steps to shape the Local Outcome Improvement Plan's Performance Framework, there was submitted a report by the Head of Policy and Corporate Governance regarding the new Glasgow Community Planning Partnership's (GCPP) Performance Framework,

- (1) advising
 - (a) of the approach that had been taken to co-design the GCPP new Performance Framework and the principles that had underpinned this shared work;
 - (b) of the series of core outcomes that had been proposed for delivery by the Partnership as well as a suite of measures that would provide insight in relation to progress and impact and which would drive action; and
 - (c) of the work required of partners to fully test, iterate and develop the Performance Framework over the course of the next 6 months; and
- (2) detailing in the appendices to the report, definitions of the GCPP's agreed approaches, the GCPP Wireframe Framework Structure and the GCPP Framework measures.

After consideration, and having heard a presentation from Adam Hall, The Improvement Service regarding the work carried out to support the Partnership in the development of the Framework, the Partnership

- (i) noted
 - (A) the process undertaken to create the new Performance Framework and acknowledge this is a test of change in a wider public service reform context; and
 - (B) that further updates would be brought back to the December meeting;
- (ii) discussed and provided feedback on the proposed outcomes and the suite of measures to understand impact and drive action for the citizens of Glasgow; and
- (iii) agreed to work with partners to
 - (A) further socialise and test these over the next 6 months, including undertaking wider engagement with communities; and
 - (B) continue to collaborate on deploying resource and expertise, including building capacity to change, to achieve the outcomes in the Framework.
