  - (b) that the Strategic Plan had initially been reported through a cost of living lens in order to ensure that all new activity initiated or prioritised as a response to the cost of living crisis could be reflected in performance reporting and considered of an annual review, however the plan was now being reported with a wider lens than the cost of living focus and reflected its wider commitments whilst keeping track of commitments which emerged through the ongoing cost of living lens; and
  - (c) that the Strategic Plan remained under review to allow for consideration of any emerging commitments; and
- (2) detailing in an appendix to the report, progress and performance updates, sample case studies and planned activity by Neighbourhoods, Regeneration and Sustainability across key areas to deliver those commitments, focussing particularly on Grand Challenge 3 and the undernoted Missions:-

  - (b) Mission 2: Become a net zero carbon city by 2030.

After consideration, the committee noted

- (i) the report; and
