

Neighbourhood Infrastructure Improvement Fund (NIIF) update noted etc.

10 There was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS) providing an update on the Neighbourhood Infrastructure Improvement Fund (NIIF) programme, advising

- (1) of the background to the £1m NIIF programme;
- (2) that in December 2024, a small team of staff were tasked with reviewing the current process for NIIF and the backlog of requests already received, as well as devising clear guidance and processes for its management going forward;
- (3) that a review of information held within Area Partnership minutes, NRS and across Council services had been carried out to allow a full breakdown of current committed spend, new proposals still to be costed and spend to date to be collated;
- (4) that some proposals previously discussed at Partnership meetings had been included in the report but had yet to be progressed to NRS for estimated costs and requested that the Partnership reviewed the information and confirm that the projects had been approved and should now be referred to NRS;
- (5) of the criteria for the fund, as detailed in appendix 1 to the report, and that all NIIF proposals must be approved at an Area Partnership meeting before being passed to NRS to be costed;
- (6) that NRS Neighbourhood Liaison Managers would attend each meeting to present the report produced by NRS and record all approved new proposals on an agreed template to be used internally by NRS;
- (7) that general enquiries but not proposals could be emailed to the NIIF mailbox at NIIFEnquiries@glasgow.gov.uk; and
- (8) of the NIIF proposals to date, as detailed in the report.

After consideration, the Partnership

- (a) agreed
 - (i) the proposals, as detailed in the report, in respect of

<i>Reference Number</i>	<i>Proposed item description and location</i>	<i>Decision</i>
13-002	Replacement fence – Elderslie walkway (between Elderslie and River Clyde)	To submit these proposals to NRS for costings and that the fence should be the same as that which would be in front of the houses at Elderslie Estate

13-004	Request for costings for fence to be installed at Daisy Park	To submit these proposals to NRS for costings and requested that NRS engage with Scotstoun Community Council in relation to ENV funding for play parks
13-006	Resurfacing of Crescent Road/Anniesland Road and Garrion Road	To progress this project and allocated £60,000, plus a 10% contingency for the works
13-007	Signalised crossing at Danes Drive (Between Kingsway Estate and Danes Drive Bowls Park)	To progress this project and allocated up to £60,000, plus a 10% contingency for the works and arrangements be made for officers from NRS to do a walk about with the local community to determine the exact location and whether it can be accommodated in the road layout
13-011	Install digitalised crossing at Danes Drive Park	To submit these proposals to NRS for costings

- (ii) that in relation to project Reference 13-008, signalised crossing at South Street/Balmoral Street junction, before a decision was made, further discussions needed to be taken within NRS as road safety improvements had already taken place in that area and NRS would provide an update on the project;
 - (iii) that NRS would come back to the next meeting with the designs for project Reference -009, 4 sets of speed cushions around the Clyde Campus; and
 - (iv) that project Reference 13-010, 4 re-deployable cameras be taken forward and that NRS would provide details of ongoing maintenance costs for the cameras and would look into the waste ground at the top of Plean Street being a possible location for a re-deployable camera to be installed;
 - (v) to delete project Reference 13-012, resurfacing of Crescent Road as it was a duplication of the works for project Reference 13-006; and
- (b) noted a summary of this Partnership's spend from the NIIF to date.
