

Findings from the Health and Wellbeing survey - Presentation noted.

8 There was heard and noted a presentation by Mhairi Shepard, North West Health Improvement Team, Glasgow City Health and Social Care Partnership, regarding findings from the Health and Wellbeing survey, advising that

- (1) the survey content included financial wellbeing, social health, social capital, health behaviours and health and fitness and was conducted by in-person interviews with adult residents across the North West area;
- (2) 1,171 interviews were carried out, which took place over a period of 9 months between September 2022 and May 2023;
- (3) in the 5 years since the survey had been carried out, life had changed for people in Scotland and a number of new concepts had been added to the survey; and
- (4) full findings from the survey could be accessed at <https://biteable.com/watch/4232715/1ad9f483f3d928c6ee32744c594c176c> and the full report could be accessed at <https://www.stor.scot.nhs.uk/handle/11289/580385>
