

Neighbourhood Infrastructure Fund Programme – Community engagement update noted – Request to Executive Director of Neighbourhoods Regeneration and Sustainability.

11 There was submitted a report by the Head of Policy and Corporate Governance, regarding the next stages for community engagement on the Neighbourhood Infrastructure Fund (NIF) programme, advising

- (1) of the current NIF allocation across the Area Partnerships and the challenges faced by Partnerships regarding generation of ideas, timescales of the funds, community engagement and allocation;
- (2) that Neighbourhoods, Regeneration and Sustainability (NRS) would provide a progress report to the next meeting of the Partnership, which would include up to date costings and allocations for each ward, information on the new internal processes for NIF and templates for recording of ideas; and
