AT

**1095 Great Western Road Glasgow G12 0AA**

AS SHOWN ON THE FOLLOWING SUBMITTED PLAN(S)

### Reason(s) for decision

01. The proposal was not considered to be in accordance with the Development Plan and there were no material considerations which outweighed the proposal's variance with the Development Plan.
02. The development proposal is contrary to Policy 7: Historic Assets & Places and Policy 16: Quality Homes of the National Planning Framework 4, CDP 1: The Placemaking Principle, CDP 9: Historic Environment, SG 9: Historic Environment and SG 1: Placemaking (Part 2, Residential Development - Alterations to Dwellings & Gardens) of the Glasgow City Development Plan as specified below, and there is no overriding reason to depart therefrom.
03. The proposal is contrary to Policy 7: Historic Assets & Places of National Planning Framework 4 in that the extensions fail to preserve or enhance the character, setting, special architectural and historic interest of this Category B Listed Building due to its inappropriate siting, scale and design.
04. The proposal is contrary to Policy 16: Quality Homes of National Planning Framework 4 in that the proposed development will have a detrimental impact on the character and environmental quality of the home in terms of its of siting, scale and design.
05. The proposal is contrary to CDP 1 of the City Development Plan in that the proposed development fails to meet the highest standards of design while providing high quality amenity to existing and new residents in the City. Furthermore, the proposed development fails to respect the quality and character of the historic environment and does not protect the City's heritage.

06. The proposal is contrary to CDP 9 of the City Development Plan in that the proposed development, by virtue of its siting, scale and design, will erode the historic character and special architectural interest of this Category B Listed Building. The proposed development fails to respect the period, style and architectural character of the Listed building.
07. The proposed extensions and loss of the original servant's wing are contrary to SG 9 of the City Development Plan in that by reason of their siting, scale and design, they fail to preserve or enhance the character of this Category B Listed property as a building of special architectural and historic interest. The proposed extensions and the resultant loss of the original servant's wing does not respect the period, style and architectural character of this Category B Listed property. The proposed extensions would give the appearance of an incongruous and unsympathetic addition to the Listed Building and would also detract from the character and appearance of the property. The proposed extensions and loss of the original servant's wing would adversely affect the special architectural and historic interest of this Category B Listed building.
08. The proposal is contrary to SG 1 of the City Development Plan in that the extensions, by virtue of their siting, scale and design will visually detract from the character and appearance of the property and would not be in keeping with the existing dwelling. The proposed development will prejudice the prevailing architectural character of the property and does not complement the property. The proposed development will give the appearance of an incongruous and disproportionate addition to the dwelling which would dominate the existing building to the detriment of visual and residential amenity.
