

Suggested Conditions

01. The development to which this permission relates shall be begun no later than the expiration of three years beginning with the date of grant of this permission.

Reason: In the interest of certainty and the proper planning of the area, and to comply with section 58 of the Town and Country Planning (Scotland) Act 1997, as amended.

02. Noise from or associated with the completed development (the building and fixed plant) shall not give rise to a noise level, assessed with windows closed, within any dwelling or noise sensitive building in excess of that equivalent to Noise Rating Curve 35 between 0700 and 2200, and Noise Rating Curve 25 at all other times.

Reason: To protect the occupiers of dwellings or noise sensitive buildings from excessive noise.

03. Vehicular access shall be taken via a dropped kerb footway crossing in accordance with Figure 9 of the Glasgow City Council Design Guide New Residential Areas.

Reason: To ensure that the access complies with approved standards in the interests of pedestrian and vehicular safety.

04. For the avoidance of doubt, any access gates proposed shall open inwards only or be of a sliding nature. Gates shall not open outwards on to the public footway.

Reason: To ensure that gates do not obstruct pedestrian or vehicle movement or create a safety hazard.

05. All servicing of the proposed development shall be done from within the site and not from Talla Road.

Reason: In the interests of pedestrian and vehicular safety.

08. The 2no. electric vehicle charging bays to be removed, including all ancillary equipment, and the site reinstated to its original state within a period of one month of the date from when the charging bays may become obsolete.

Reason: In order to protect the appearance of the site and the surrounding area.

09. A footway of 2 metres is to be provided at the site.

Reason: In the interests of traffic safety at the locus.

Reason: In the interests of pedestrian safety.

10. Provision for new screening, to a minimum height of 1.8m and in line with the visibility splay requirements outlined within the Glasgow City Council Design Guide for New Residential Areas, shall be submitted to and approved in writing by the Council as Planning Authority. Thereafter the screening shall be installed in accordance with the approved details prior to the first use of the development. The screening shall remain in perpetuity for the lifetime of the development.

Reason: In the interests of residential amenity.

Advisory Notes

01. Prior to implementation of this permission, the applicant should contact Neighbourhoods, Regeneration and Sustainability services (Transport Planning) at an early stage in respect of legislation administered by that Service which is likely to have implications for this development. Approval under Section 56 of the Roads (Scotland) Act 1984 will be required.

02. The applicant is advised that it is not permissible to allow water to drain from a private area onto the public road and to do so is an offence under Section 99(1) of the Roads (Scotland) Act 1984.

03. It should be noted that presently or in the future servicing of the proposed development could be subject to traffic regulations and possible changes to existing waiting and loading restrictions.
