

Neighbourhood Infrastructure Improvement Fund Programme – Community engagement update noted – Request to Executive Director of Neighbourhoods, Regeneration and Sustainability.

5 There was submitted a report by the Head of Policy and Corporate Governance, regarding the next stages for community engagement on the Neighbourhood Infrastructure Improvement Fund (NIIF) programme, advising

- (1) of the current NIIF allocation across the Area Partnerships and the challenges faced by Partnerships regarding generation of ideas, timescales of the funds, community engagement and allocation;
- (2) that Neighbourhoods, Regeneration and Sustainability would provide a progress report to the next meeting of the Partnership, which would include up to date costings and allocations for each ward, information on the new internal processes for the NIIF and templates for the recording of ideas; and
- (3) that members should advise how the process of NIIF allocations should continue, how the remainder of the £1m fund should be allocated and what support would be required from the Communities Team.

After consideration, the Partnership

- (a) noted the report; and
- (b) requested
 - (i) a breakdown of the costs associated with two potential Liveable Neighbourhoods projects which included proposals for Carntyne Square and lighting at the pedestrian bridge over the M8 at Cranhill to allow the Partnership to consider funding elements of the projects; and
 - (ii) the cost to tarmac the whole of the red ash path in Budhill Park that is prone to flooding.
