Achieve More Scotland	Glasgow Youth Diversionary & Development Programme	Theme 1 - Supporting Children, Young People and Families	We will provide early intervention and diversionary based activities for young people, aged 10-20, across identified areas in Glasgow. This will involve a minimum of two evenings of youth work and sporting/physical activities on a weekly basis in each targeted community aimed at reducing Anti-Social Behaviour. We will also deliver targeted workshops including, volunteering, alcohol/drug misuse, health and well-being, personal and social skills and choices and consequences. Activities take the form of sport and physical activity sessions delivered across 25 sites, 5 nights per week, with services always delivered on Friday evenings. All activities will be delivered in local venues.	North West	North East	South		Y	£ 155,873.55	£ 500,367.00	£ 500,367.00	£ 160,549.76	£ 157,338.76	£ 149,471.82	£ 467,360.34
Action for Children	Community-Based Support Diverting Children/Young People from Harm/Criminal Exploitation	Theme 1 - Supporting Children, Young People and Families	Action for Children will deliver community-based support to engage children/young people (CYP) experiencing, or at risk of, harm/criminal exploitation so they can live safely in, and contribute to, their communities. We support CYP and their families in their own neighbourhoods at key times of need including evenings/weekends. This includes targeting exploitation "hotpots" to create safe spaces alongside local people. Skilled workers use relational, trauma-informed, rights-based approaches to deliver person-centred support and increase prosocial behaviours. Evidence-informed activities include assertive outreach, 1:1 support, safety planning, groupwork, peer mentoring/role-modelling, diversionary activities, family support and positive pathways to enhance individual outcomes and community safety/cohesion. Baltic Street Adventure Playground	Baltic Street Adventure Playground Community Sessions 2026-2029	Theme 1 - Supporting Children, Young People and Families	Baltic Street Adventure Playground is a free, child-led, supervised adventure playground for children, in an area of significant disadvantage. Primarily, we give children access to experiences and activities that are not otherwise available, building a supportive network of families and organisations that develops a sense of community, and empowers its members. Our core Play Sessions aim to provide a consistently available space for safe play, addressing barriers to communication and creativity while providing emotional, social and physical nurturing for a core group of 90 local children in particular. Barlanark out of school care	Barlanark out of school care	Theme 1 - Supporting Children, Young People and Families	Barlanark out of school care is an inclusive project. We have provided high quality, accessible and affordable childcare to the local/wider community for over 32 years. This allows parent/carers to sustain, gain employment and higher education. Our families are low income, lone parent, families with children who have ASL complex needs and vulnerable families. We offer respite care for kinship carers and vulnerable families during all holidays. Our service ethos is child centered with a large emphasis of free flowing play from indoor to outdoor improving children's mental, emotional and physical wellbeing. Barnardo's	Barnardo's Empowering Futures (currently YIFSP)	Theme 1 - Supporting Children, Young People and Families	Barnardo's Empowering Futures continues our early intervention, trauma-informed support to children and young people (aged 5–18/up to 26 if care-experienced) and their families in North-East Glasgow. Many face complex challenges including trauma, poverty, poor mental health, neurodivergence, and disrupted learning. Our experienced team delivers rights-based, whole-family support in homes, schools, and community spaces - building trust, preventing crisis, and strengthening resilience. Over the next three years, we will work with more than 400 families through tailored 1:1 and group support. Caring Operations Joint Action Council (C.O.J.A.C.)	S.C.Y.P.E	Theme 1 - Supporting Children, Young People and Families	C.O.J.A.C. delivers out of school care and holiday care for children & young people affected by disability & complex support needs. The service includes children from Primary one up to 18 years. Provided from our centre in Castlemilk. This service is unique, with demand from across Glasgow due to the lack of childcare provision for children & young people with complex needs requiring high staff ratios. We currently have a waiting list but are constrained due to limited funding, the high costs of providing one to one staffing (and sometimes two to one) without passing on high charges to parents/carers. Home-Start Glasgow North and North Lanarkshire	Home-Start Glasgow North	Theme 1 - Supporting Children, Young People and Families	HSGNNL supports families with at least one child under 5. This fund covers our North Glasgow project. We work alongside families struggling to cope with the challenges of poor mental/physical health, poverty, isolation, domestic abuse, addictions, bereavement, single parent or multiple birth. Over half the families we support are refugees, asylum seekers, from ethnically diverse backgrounds and from marginalised groups, eg LGBTQi and Dads. We use a range of creative and unique approaches; home visiting, groups and VIG to provide practical and emotional support giving parents the confidence and resilience to help them cope with the difficulties they are facing. Home-Start Glasgow South	Delivering support for vulnerable families across Glasgow South.	Theme 1 - Supporting Children, Young People and Families	The grant we hope to receive will allow us to continue our model of peer and parenting support across Glasgow South. It will enable our team and volunteers to assist families living with complex challenges at the earliest opportunity. Those in our local community requiring support will find an open, accessible and non-judgemental service. Our activities will continue to focus on: •Tackling the impacts of poverty •Increasing bonding and attachment in families •Lessening isolation and loneliness in communities through group and peer support. We will also work alongside other agencies to provide a diverse and dynamic support service.			South		Y	£ 121,435.65	£ 591,109.87	£ 591,109.87	£ 125,078.72	£ 122,577.15	£ 116,448.29	£ 364,104.15
Includem	Alternative Justice Programme	Theme 1 - Supporting Children, Young People and Families	Includem propose continuing our community-based early intervention programme for young people (ages 12-26) in conflict with the law. It will focus on reducing offending and improving the lives of young people and their families in Glasgow. Based on trials and feedback we will introduce new referral routes for disposals for Sheriffs within a court setting and bail support, to stop more young people from escalation in the justice system. It uses a relationship-based approach to engage with young people and encourage them to think differently about life forming decisions including offending behaviour and connects them with other sustainable community-based services. Make Do and Grow CIC	Make Do and Grow Families	Theme 1 - Supporting Children, Young People and Families	Our project provides vital support for families and children through three core services: a Toy Library, Creative Arts and Play Sessions, and a Community Children's Shop offering affordable resources. We promote learning, play, and creativity while addressing poverty and social isolation. By providing accessible, inclusive, and sustainable services, we empower families, enhance child development, and foster community connections. Funding will enable us to continue and expand these services, ensuring equitable access to high-quality resources, improving well-being, and supporting Glasgow's most vulnerable families. The Royal Scottish Society for Prevention of Cruelty to Children - Children First	Connection First	Theme 1 - Supporting Children, Young People and Families	Many families in South Glasgow face deep, intersectional challenges—trauma, poverty, parental mental health, and substance use. For families with young children who struggle with extreme behavioural challenges, waiting for help can feel like an eternity, and often there is no clinical assessment or diagnosis in response to their children’s presentation. Connection First offer a lifeline to families with early, preventative whole family support. We work alongside parents, helping them to better understand their children’s needs, providing the tools, guidance, and compassion to navigate challenges together—before things reach breaking point. Project Ability	Project Ability: core visual art workshop programme	Theme 2 - Promoting Culture and Creativity	Project Ability's core workshop programme provides a welcoming community for disabled people, people with learning disabilities and people with lived experience of mental ill health. It will deliver at least 96 visual art workshops each year and supplementary activity. It supports people to achieve their creative potential and enables, celebrates and platforms diversity and inclusion in the arts. It improves the lives and well-being of people through engagement and enjoyment of visual art. It is a warm vibrant community where people learn skills, grow in confidence and contribute to the rich variety of artists living and working in the city. Ricefield Arts and Cultural Centre	Chinese Arts, Culture & Heritage Engagement Project	Theme 2 - Promoting Culture and Creativity	We would like to propose a 3-year Chinese Arts, Culture & Heritage Engagement project to build a sustainable community through improving and resilient community. We aim to deliver 40 workshops per year to improve the overall health and mental well-being of the community. We will organise 7 cultural events per year to celebrate important Chinese and Scottish festivals with community members. The project also supports the development of a small Chinese library to become a community hub, a training programme for community artists to increase employability, and a volunteering programme to support young people to get involved in community work. Waverley Care	Re-engagement in BBV care and Peer Support	Theme 4 - Improving Health and Wellbeing	Waverley Care's Re-engagement in BBV Care and Peer Support project supports individuals who have struggled to attend Waverley Care and NHS appointments for blood-borne virus (BBV) care. This includes those affected by intersecting health inequalities, such as homelessness, addiction, mental health conditions, and links to the criminal justice system. The service delivers targeted, person-centred interventions to improve health outcomes, link people into ongoing BBV care and reduce BBV transmission and reinfection. The service will use peers and volunteering opportunities to build on reengagement and foster community networks and support. Yoker Resource Centre	Time Well Spent - Yokers elderly social inclusion.	Theme 4 - Improving Health and Wellbeing	Time Well Spent is a community-led project reducing loneliness, improving mobility, and helping individuals stay at home longer. Based in one of Glasgow's most deprived areas, we foster connections through workshops, social activities, and chair exercises that enhance functional movement and social connections. We create a supportive network, accessible transport to remove barriers, and everyone receives a warm meal easing financial strain while providing a welcoming, heated space. Through socialisation, wellbeing activities, and physical movement, participants gain confidence and independence, allowing them to remain in their homes longer while feeling valued, connected, and more resilient. Aberlour Child Care Trust	The Bridges Partnership	Theme 5 - Challenging Violence Against Women and Girls	For a decade, The Bridges Partnership has been a lifeline for families in Glasgow affected by domestic abuse - offering life-changing support that ensures safety, wellbeing, and the ability to thrive. Our unique approach supports survivors and critically also those still in relationships with perpetrators, filling a critical gap in Glasgow's services. Yet, demand far exceeds available support, leaving vulnerable families at risk. With Glasgow Communities Funding, we can expand our reach by 50%, supporting 120 women and 240 children annually - transforming lives, breaking cycles of abuse, and building a future where every family can feel safe and supported. Glasgow & Clyde Rape Crisis SCIO	Heal to Thrive Project: helping survivors to Rebelieve	Theme 5 - Challenging Violence Against Women and Girls	The 'Heal To Thrive' Service offered by Glasgow and Clyde Rape Crisis, uses an empowerment model to provide community based integrated and specialist emotional, therapeutic and advocacy support to women and girls who are survivors of rape and sexual violence. It applies the same model to work with employees and volunteers of community-based organisations to improve their ability to prevent sexual violence and to provide a trauma-informed first response to disclosures from survivors. This tandem approach encourages survivors and their communities to 'rebelieve' in themselves and each other, to promote positive ambitions for change and reset their futures. Glasgow Women's Aid	Glasgow Women's Aid Outreach Project	Theme 5 - Challenging Violence Against Women and Girls	Glasgow Women's Aid outreach project provides support to women, children and young people who have experienced domestic abuse, and require support in their recovery. Domestic abuse impacts the physical and mental well-being of women and CYP, and can adversely affect them financially, economically and socially. By tackling these inequalities, we aim to improve the lives of survivors through 1:1 support, and access to groupwork and peer support. Early intervention and awareness raising through prevention work is essential to reduce VAWG. As part of our outreach project, we will offer prevention sessions in nurseries, schools, further education settings, and community settings. The DAISY Project	DAISY - Domestic Abuse Integrated Support for You	Theme 5 - Challenging Violence Against Women and Girls	DAISY is a trusted, specialist service with a proven record of achieving positive outcomes to improve the lives of women and girls who have experienced horrific domestic abuse and coercive control. Community led, grass roots support assists them to leave the abuse; often with their children, in only the clothes they wear. Penniless, hungry, scarred physically and emotionally, we ensure they reach safe accommodation, know their rights and make informed choices. Intensive advocacy continues until they reach safety and recovery from trauma, social exclusion and multiple deprivation. 95% of women surveyed say they feel safer following DAISY support.
