**Garscadden/Scotstounhill Area Partnership -
Youth Work Provision working Group**

Purpose of Report:

To provide the Drumchapel/Anniesland Area Partnership Chair with details of the initial meeting of a proposed Youth Work provision working group.

Recommendations:

The Chair of the Garscadden/Scotstounhill Area Partnership is asked to note the contents of the report.

Introduction

In response to the partnership agreeing that there should be more of a focus on Youth Provision and the issues affecting young people in the ward, a meeting was called to discuss how to move forward. Before the council halted for recess a meeting was held a Kingsway Connections. Partners from across the ward were invited to discuss the current landscape and how best to support the children and young people in the ward.

During the meeting, the following was agreed:

- A multi-agency group to be created to meet regularly and feed into the Area Partnership
- Addition of the Youth Strategy to the agenda at the Area Partnership
- Support will be provided to partner organisations if they wish to for a Youth Consortium to apply for larger pots of money
- Investigate the viability of the property owned by the Wheatly Group at Kingsway being utilised for Youth Provision

In addition to these agreed actions Elected members have been working in the background to look at additional premises and resources to support the ongoing work in the ward.

Recommendations

The Chair of the Garscadden/Scotstounhill Area Partnership is asked to note the contents of the report.
