

Strategic Plan Performance: Grand Challenge 3: Fight the climate emergency in a just transition to a net zero Glasgow - Missions 1 and 2 - Service commitments noted etc.

2 With reference to the minutes of 4th December 2024 (Print 6, page 168) noting that requests for further details or progress updates relating to specific commitments of the Council's Strategic Plan would form part of this committee's future work programme, there was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability,

- (1) advising
 - (a) that a template report had been issued to all Services that structured and supported scrutiny of the Strategic Plan and illustrated the crosscutting nature of its Missions as those Services worked together to deliver the Council's priorities;
 - (b) that the Strategic Plan was subject to annual review to reflect the volatility of outside pressures and budget constraints and had a transparent change control system in place to assist; and
 - (c) of the work underway across a number of key areas to deliver the plan's commitments; and
- (2) detailing in an appendix to the report, progress and performance updates, sample case studies and planned activity by Neighbourhoods, Regeneration and Sustainability Services across key areas to deliver those commitments, focussing particularly on Grand Challenge 3 and the undernoted Missions:-
 - (a) Mission 1: Deliver sustainable transport and travel aligned with the city region; and
 - (b) Mission 2: Become a net zero carbon city by 2030.

After consideration, the committee noted

- (i) the report; and
- (ii) that if required, officers would report back with further detail or progress updates on specific commitments or actions as part of the committee's future work programme.
