**Flood Risk Management - Update noted etc.**

**2** With reference to the minutes of 23rd September 2025 (Print 4, page 87) noting an update on flood risk management, there was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability advising of the flood risk management and climate resilient activities over the last 12 month period, which included the Strategic Flood Risk Assessment, Scottish Government 2026/27 capital funding and the Property Flood Resilience Initiative, as detailed in the report.

After consideration, the committee

(1) agreed that the Property Flood Resilience Initiative should be referred to the City Administration Committee for approval once detailed proposals had been developed; and

(2) noted that a further update on flood risk management would be submitted in September 2027.
