

Police Scotland Ward update noted.

4 There was heard a report by Sergeant Martin Madden, Police Scotland, advising the Partnership that

- (1) a new Chief Inspector had been appointed;
- (2) all front line Police Officers had now been equipped with body worn video cameras;
- (3) although some staff had been replaced that there had been no loss in the number of staff;
- (4) the Easter Action Plan was coming to an end and that the Summer Action Plan would be commencing that would focus on locations of youth disorder;
- (5) officers would continue to focus on target areas for a Traffic Action Plan, particularly E-bikes that was a recurring problem within the ward;
- (6) the City Centre exclusion zone, aimed at the dispersal of youths from the City Centre should not affect the Govan area;
- (7) policing plans would be in place for future protests and that the number of officers on the ground would be reflected by this; and
- (8) Police Scotland had been working with local organisations to clean up local shopping areas and keep them clean.

After consideration, the Partnership

- (a) noted the report and thanked Sergeant Madden for the update; and
- (b) raised a number of questions and concerns that were addressed by Sergeant Madden.
