Festive Lighting 2026/27 update noted – Funding approved.

3 There was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS), regarding Festive Lighting within the ward, advising of the central funding of £3,600 available to meet the costs of erecting and maintaining festive lighting and the proposed costs and locations advising

(1) of the 2025/26 festive displays and switch-on events and asking the Partnership to confirm whether these should be included in the 2026/27 programme;

(2) that the Partnership should notify NRS of any locations for a proposed switch on event for either a Christmas or natural tree;

(3) that members should approve the necessary funding for any additional costs over and above the central funding; and

(4) NRS had been informed that the current Horticultural Contract, which included the supply of Christmas Trees, had come to an end whilst the Councils Procurement team would establish a new framework to invite suppliers to tender, and as such this may now impact the cost of Christmas Trees by 15% to 20%.

After consideration, the Partnership

(a) noted the lighting arrangements and the central funding available for the 2026/27 programme; and

(b) approved the total additional funding of £10,350 through using the Area Budget 2026/27.
