Development of Area Partnerships update noted etc.

6 There was submitted a report by the Director of Community Empowerment and Equalities regarding an update on the development of the Area Partnerships, advising

(1) of the ongoing development by the Centre of Civic Innovation that would allow Area Partnerships to make decisions on how the Infrastructure Improvement Fund could be spent based on the opinions of many local citizens;

(2) of the initial workshops that had been held to involve officers from Community Empowerment and Equalities, Neighbourhoods, Regeneration and Sustainability Services to understand the aims, objectives, potential challenges, key stakeholders, people that need to be included and of the available resources;

(3) that a Steering Group and a Project Team had been established and 10 community councillors had been signed up to be “citizen designers”;

(4) of the high level initial structure for the system that had been created and that final recommendations would be made to roll out across the city in June 2023; and

(5) of a revised terms of reference for Area Partnerships that would allow up to 4 additional members to be co-opted to the Partnership.

After consideration, the Partnership noted

(a) the report;

(b) that decisions would be made by the community for the community;

(c) that an agenda setting format and duration of the meetings could be agreed with Mr Shaw Anderson through the Chair;

(d) that consideration should be given to allow more than the maximum 6 community representatives onto the Partnership, rather than additional groups being included as co-opted members; and

(e) that questions and requests regarding changes to the current Governance Framework could be emailed to shaw.anderson@glasgow.gov.uk.
