Local Parks & Open Space Improvement Fund – Update Report

Purpose of Report:

To provide the Area Partnership with an update on the Local Parks and Open Space Fund for the Shettleston ward.

Recommendations:

The Area Partnership is asked to note the contents of this report

1. Introduction

1.1 Glasgow City Council allocated £3 million to Area Partnerships across the city for investment in Parks and Open Spaces over 2021/22 & 2022/23. This report is to provide members an update on each allocated project within the ward and to advise on any further steps to be taken.

1.2 It should be noted that 328 projects have been approved on an ongoing basis since year 1 of this fund. Whilst the Service is placing focus on delivering these within desired timescales, they will be subject to resource pressures within the Service, alongside daily operational requirements. Where possible, the Service has been engaging with partners to grant award monies for project delivery where appropriate, to support community empowerment and local capacity building.
