Victoria Park Infrastructure Fund 2022/23 – Update noted.

9 With reference to the minutes of 7th September 2022 when the Partnership noted a report regarding the Victoria Park Infrastructure Fund 2022/23, there was heard an updated report by Ms Fancine O'Rourke, Neighbourhoods, Regeneration and Sustainability (NRS) advising that

(1) work was being undertaken by NRS regarding proposals for a community consultation and would provide a comprehensive report to a future meeting of this Partnership;

(2) the £1m available from this Fund could be spent over a 5-year period and that the community could provide proposals for funding to the Area Partnership for consideration.

After consideration the Partnership

(a) noted the report;

(b) highlighted areas of concerns that required immediate attention namely Thornwood roundabout and the lack of pedestrian crossings around it, having noted that Thornwood Community Council had requested whether a zebra crossing could be used at this location rather than Light crossing due to the volume of traffic; and

(c) requested that the Executive Director of Neighbourhoods, Regeneration and Sustainability progress plans for improvements around the Thornwood roundabout, including a survey to be carried out and that Ms O'Rourke would arrange for an onsite visit to allow the Partnership to attend
