About the statistics within this report

The activity totals and other statistics quoted within this report are published in the interests of transparency and openness. They are provisional in nature and subject to change as a result of ongoing quality assurance and review. Because all statistics quoted are provisional there may be a difference in the period totals quoted in our reports after local publication which result from revisions or additions to the data in our systems. The Scottish Government publishes official statistics each year which allow for comparisons to be made over longer periods of time.

Local Fire and Rescue Service Plan Priorities

The Local Fire and Rescue Service Plan has been developed to set out the priorities and objectives within City of Glasgow and allows our local authority partners to scrutinise the performance outcomes of these priorities. We will continue to work closely with our partners in City of Glasgow to ensure we are all **"Working Together for a Safer Scotland**" through targeting risks to our communities at a local level.

The plan has been developed to complement key partnership activity embedded across the Glasgow Community Plan and associated Delivery and Thematic plans. Through partnership working we will seek to deliver continuous improvement in our performance and effective service delivery in our area of operations.

The Local Fire and Rescue Plan for Glasgow identified six areas for demand reduction and is subject to regular monitoring and reporting through the SAFE Partnership. A summary of the priorities and current activity is detailed below with further detail and analysis contained within this performance report.

	Accidental Dwelling Fires	Accidental Dwelling Fire Casualties	Unintentional Harm	Deliberate Fire Setting	Non-Domestic Fires	Unwanted Fire Alarm Signals

Automatic Detection & Actuation

Detection Present	Calls Made via Linked Alarms	Detection Actuated
80%	69%	79%

The figure of 158 accidental dwelling fires for Q2 2022/23 has seen a decrease of 16 incidents from the previous year's figure of 174. Data analysis shows the figure of 158 for this quarter is below the previous 3 year average of 177 for this period. During this monitoring period we have carried out a total of 1,235 HFSV's of which 351 were of High Risk. SFRS is now installing linked detection in eligible properties, those being owner occupied and high-risk, in compliance with the new Scottish Government Legislation.

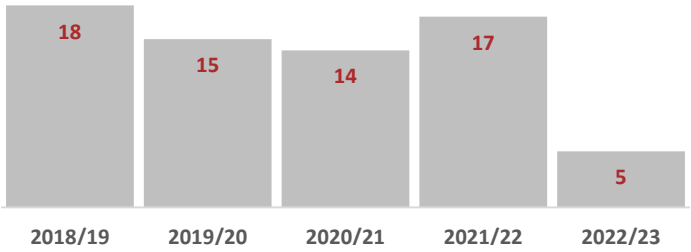

Domestic Safety - Accidental Dwelling Fire Casualties

Performance Summary

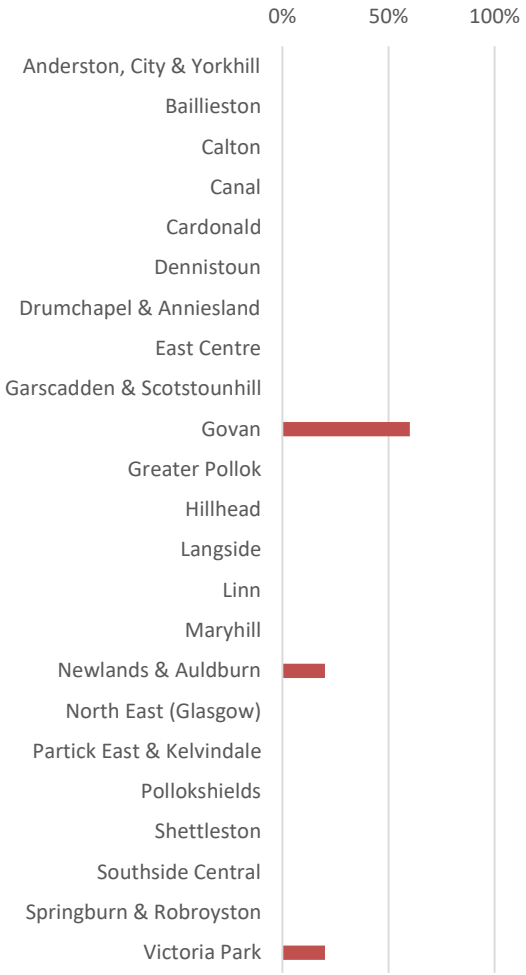

Year on Year

-71%

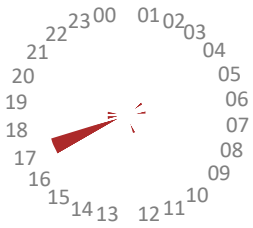

Accidental Dwelling Fires Casualties

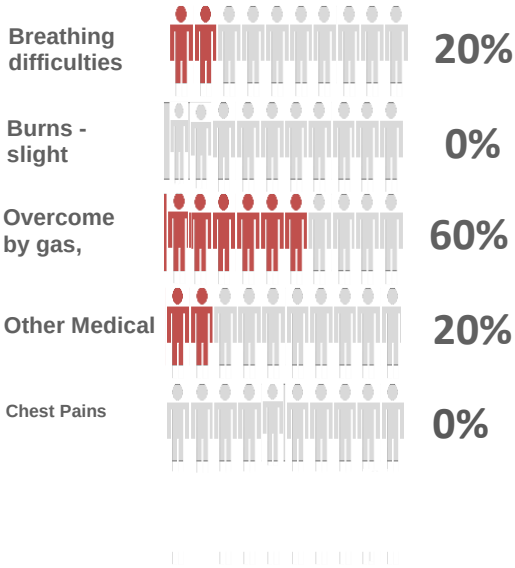

Accidental Dwelling Fire Casualties by Ward (% share)

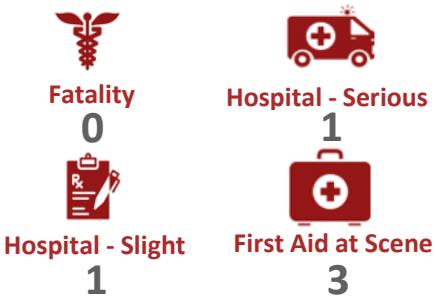

Fire Casualties by Time of Day

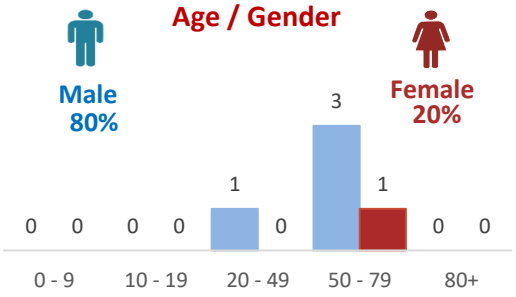

Nature of Injury

Extent of Harm

Age / Gender

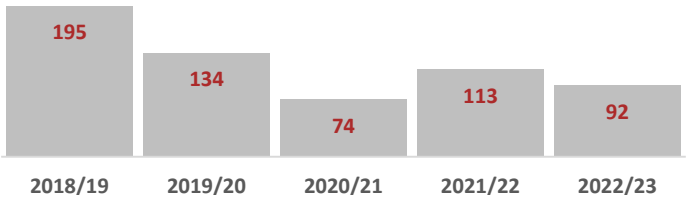

The Q2 figure of 5 for 2022/23 shows a considerable reduction of 12 for the same period in the previous year. This figure falls below the three year average of 12. There were no Accidental Dwelling Fire fatalities in this quarter. These figures do not include those that were taken to hospital for precautionary checkup and subsequently released with no injuries.

Unintentional Injury or Harm

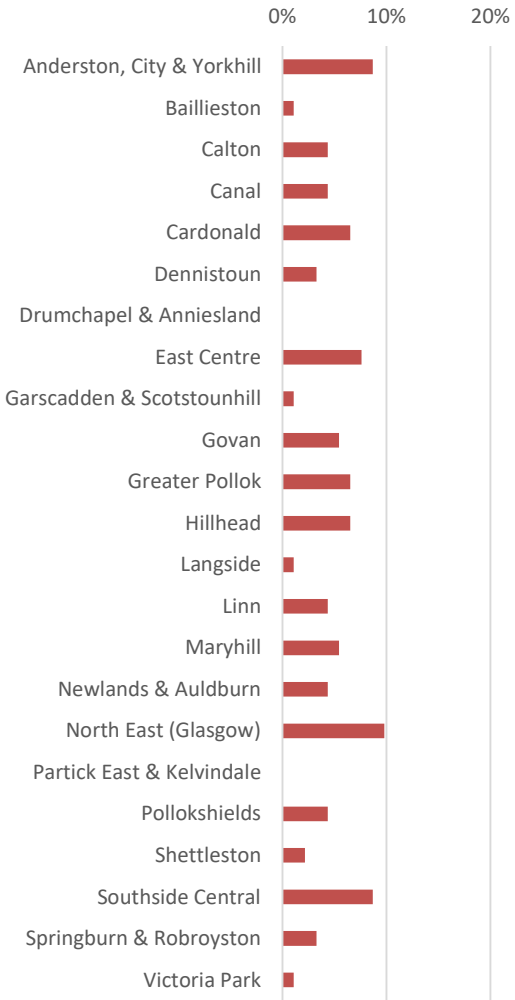

Performance Summary

Year on Year	3 Year Average
-19%	-13%

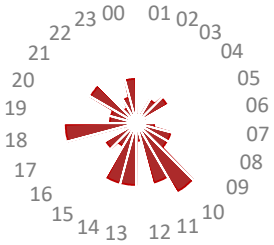

Non-Fire Casualties

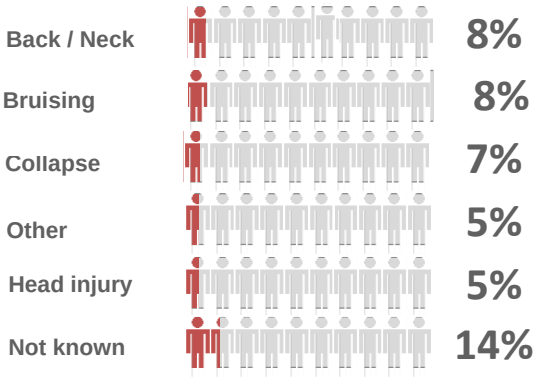

Non-Fire Casualties by Ward(% Share)

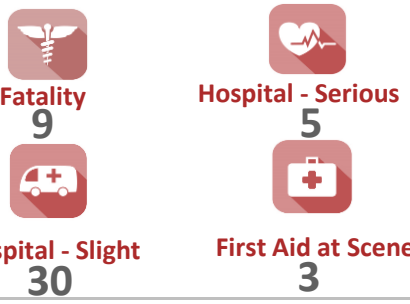

Non-Fire Casualties by Time of

Nature of Injury

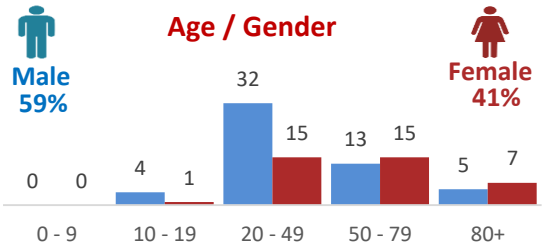

Extent of Harm

Non-Fire Emergency

Age / Gender

The figure of 92 casualties for Q2 2022/23 when compared to the last year's figure of 113 has seen the number of casualties from these types of incidents decrease by 21. The figure of 92 falls below the 3 year average of 93. SFRS attended a total of 627 varied Special Service incidents including 190 Effecting Entry To Various Premises, 93 Flooding Incidents, 47 To Assist Other Agencies, 34 RTC's, 21 Medical Incidents - First Responder, 25 Attempted Suicides and 15 Water Rescues.

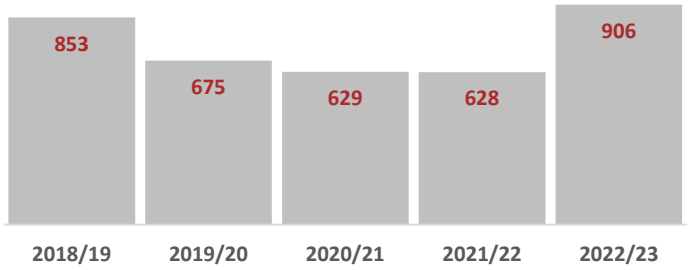

Deliberate Fire Setting

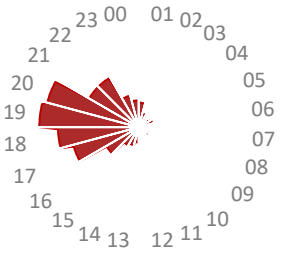

Performance Summary

Year on Year	3 Year Average
44%	12%

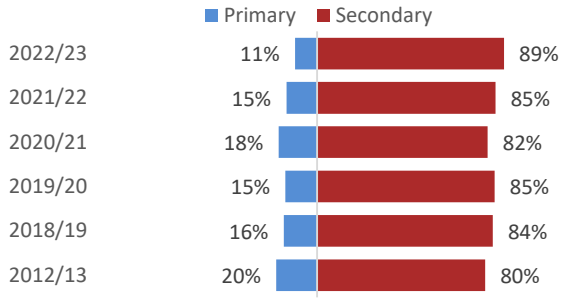

Deliberate Fires

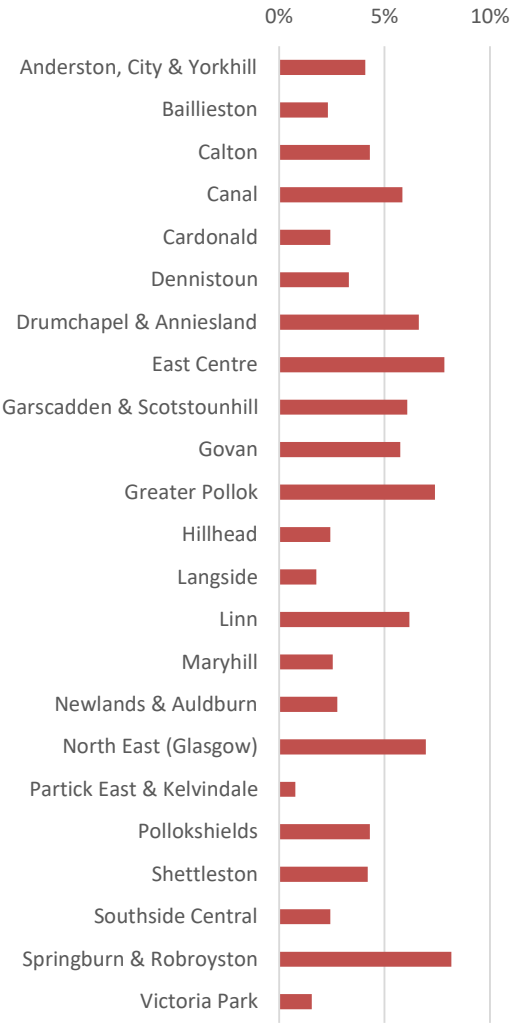

Deliberate Fires by Time of Day

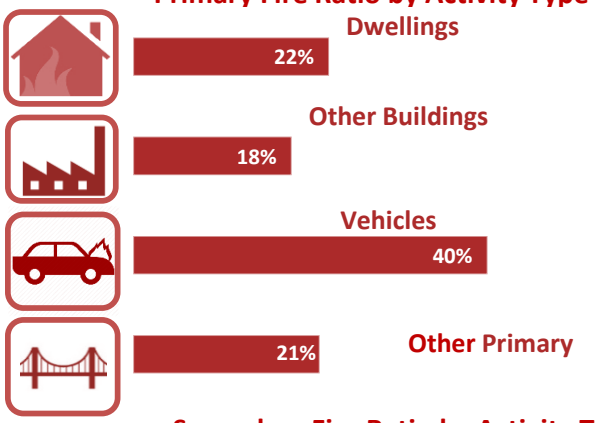

Deliberate Fires by Classification

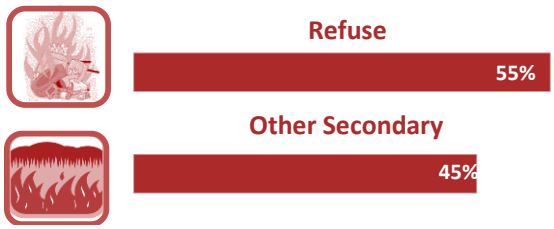

Deliberate Fires by Ward(% Share)

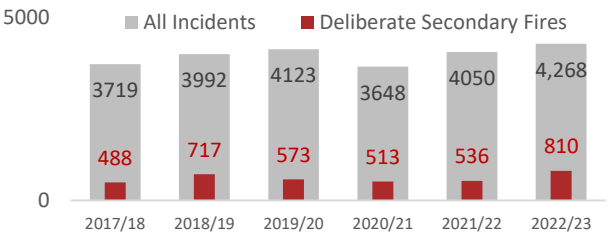

Primary Fire Ratio by Activity Type

Secondary Fire Ratio by Activity Type

Deliberate Fires Compared to Operational Activity

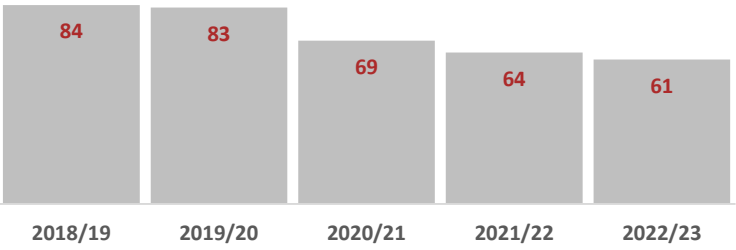

The figure of 906 Deliberate Fires in Q2 2022/23 shows a significant increase of 278 incidents for the same period in 2021/22. We are working closely with partner agencies such as Police Scotland and Neighbourhood Coordinators to target and reduce these figures.

Non Domestic Fires

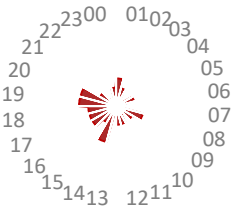

Performance Summary

Unwanted Fire Alarm Signals Activity Ratios

UFAS Percentage Against all Incidents

33%

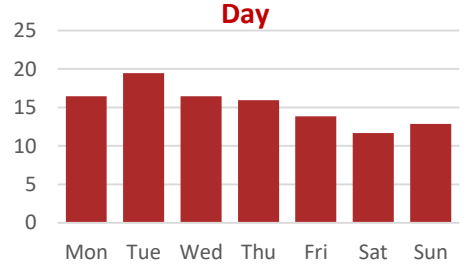

UFAS Percentage against all False Alarms

60%

Human Influence and Alarm

38%

Average Unwanted Fire Alarm Signals per Day

The figure of 1,401 for Q2 2022/23 shows a slight increase of 5 UFAS incidents on the figure of 1,396 for the same period in the previous year. Similarly to Non-Domestic Fires, it should be recognised that many historically regular premises of high UFAS activity, were directly affected by the Scottish Government restrictions in 2021/22 meaning there were less occupants within buildings. As restrictions have eased, there has been a gradual return of people to their place of work which has directly influenced the increase

Prevention & Protection Activities

Pride - Mardigla
SFRS CoG marched alongside partners such as Police Scotland to promote community inclusivity with the LGBTQIA+ communities.
Fire Skills
We have developed a one day bespoke course tailored to groups of partner agencies promoting water safety, CPR, fire safety and reducing anti social behaviour. As part of our commitment to ensuring domestic safety, we have now included a set of Domestic Abuse awareness videos in to our Fire skills courses.
Glow Account
City of Glasgow Prevention and Protection Department have signed up to GLOW Accounts which has assisted in maximising the reach we have with school pupils by promoting safety messaging through this portal. So far on the lead up to Bonfire, Bonfire Safety messaging has been promulgated to the majority of schools.
Water safety
Glasgow City Community Action Team working in partnership with RNLI to teach businesses lcoated along The River Clyde how to use life saving equipment such as Water Rescue Throwlines, this recived national media coverage.
Wheatley Group
We have a member of our team who has been seconded to The Wheatley Group who will strengthen our partnership with this company and the engagement we have with members the community with them being the biggest Social Landlord in the UK.
