Trauma, Poverty and Community Programme – Updated noted.

4 There was heard and noted an update by Anthony Morrow, Sanctuary Housing Association, regarding the Trauma, Poverty and Community Programme, advising that

(1) a programme had been established to look at the impact of childhood trauma on the lives of adults and young people in the communities of Toryglen, Priesthill, Househillwood and Nitshill;

(2) a series of community workshops had taken place which allowed conversation to take place regarding the impacts of trauma and create a greater understanding of the effects that childhood trauma had on the development into adulthood; and

(3) funding for the project is in place until March 2023, and further funding being sought in order to continue the work of the project where possible.
