Festive Lighting Programme 2023/24 – Funding approved.

9 In terms of paragraph 12.4 of the Governance Framework, there was submitted, as a matter of urgency, a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability (NRS) regarding the 2023/24 Festive Lighting Programme, advising

(1) that each Area Partnership would be awarded £3,600 central funding to meet the costs of erecting and maintaining festive lighting;

(2) of the festive lighting location for the ward delivered as part of the 2022/23 programme, as detailed in the report;

(3) of the standard pricing schedule for the 2023/24 festive lighting programme, and the cost to repeat the 2022/23 programme in 2023/24, as detailed in the report;

(4) that the Partnership would be able to nominate additional or alternative festive lighting locations to those delivered as part of the 2023/24 programme, and that should any new location be proposed, NRS required to be notified by 28th April 2023 to allow the feasibility and cost of the new locations to be assessed;

(5) that the Partnership would be invited to identify locations where a switch on event was proposed to be held for either a Christmas tree or natural tree and that column mounted features would come on at the same time as the street lights on the day of installation; and

(6) that if the total cost of the delivery of the festive lighting programme selected by the Area Partnership exceeded the £3,600 central funding, the balance of the funding would require to be met by the Area Partnership from other funds.

After consideration, the Partnership

(a) noted the 2022/23 festive lighting arrangements and the central funding available for the 2023/24 programme; and

(b) agreed

(i) the project at Edinburgh Road/Carntyne Road to increase the number of street column features from 6 to 14 at a cost of £5,600, and 8 new features on columns at a cost of £2,440;

(ii) the project at Budhill Square for 8 street column features at a cost of £3,600;

(iii) the project at Hallhill Road for 16 street column features at a cost of £6,400; and

(iv) agreed the total funding of the projects £18,040, less the central funding of £3,60 and a credit from 2022/23 of £1,800 resulted in a balance of £12,640 which would be made from the Area Partnership budget.
