Infrastructure Improvement Fund - update noted.

5 There was submitted and noted a report by Tony Martin, Neighbourhoods, Regeneration and Sustainability (NRS) providing an update on the Neighbourhood Infrastructure Fund, advising that

(1) the allocated £1m of investment for the ward was capital expenditure that could be carried forward to be spent in future financial years;

(2) NRS was keen to support the process to pull together a formula costing template to assist the Partnership with decision making and that the intention of the fund would be to spend on physical improvements within the community;

(3) feedback or additional suggestions were welcomed to inform the process moving forward: and

(4) the investment would be spent over 3 years and that no funding would be committed until after September's consultation.

Variation in order of business.

6 The Partnership agreed to vary the order of business as hereinafter minuted.
