Infrastructure Improvement Fund - Update noted.

2 There was submitted and noted a report by Francine O'Rourke, Neighbourhoods, Regeneration and Sustainability (NRS) providing an update on the Neighbourhood Infrastructure Fund, advising that

(1) the allocated £1m of investment for the ward was capital expenditure that could be carried forward to be spent in future financial years;

(2) options presented could be circulated to Community Councils and other Partnership organisations for their feedback, with additional suggestions welcomed to inform the process moving forward; and

(3) NRS was keen to support the process to pull together a formula costing template to assist the Partnership with decision making and that the intention of the fund would be spent on physical improvements within the community.

After consideration, the Partnership

(a) noted the report; and

(b) agreed that

(i) an informal meeting would be arranged with NRS prior to the next Partnership meeting to discuss potential projects; and

(ii) NRS officers would collate a list of proposed projects to submit a more detailed report on the breakdown of costings for proposed projects.
