City of Glasgow Licensing Board – 2022/23 performance monitoring report noted etc.

7 There was submitted a report by the Clerk to the City of Glasgow Licensing Board detailing the performance of the Licensing Board in the administration of the Licensing (Scotland) Act 2005 over the last 6 months of 2022/23, advising

(1) of the key indicators used to measure performance in administering the Act;

(2) of performance in respect of the period from October 2022 to March 2023 in comparison with the targets set; and

(3) that overall the Board had achieved 84% of its performance targets in respect of this period.

After consideration, the Forum noted

(a) the contents of the report;

(b) that with regard to the processing of applications for premises licences, delays could be related to further information that was awaited from the applicant or his/her agent; and

(c) that the Clerk to the Licensing Board would arrange for e-mail correspondence to be circulated to all members providing an update on work being undertaken by the Scottish Government in relation to bringing forward regulations which would put in place “occasional licence limits” in terms of the number of occasional licences, or the number of days on which occasional licences had effect, in relation to the same applicant or premises in any 12 month period.
