Staying In Project – Presentation noted.

3 There was heard a presentation by David Ramsay, Homeless Network Scotland (HNS) regarding an overview of what the service had to offer within the Ward, advising

(1) of the background to HNS and that it had received funding of £200.000 from the National Lottery Community Fund;

(2) that HNS had a place-based approach to preventing homelessness and enabled local stakeholders to collaborate and get behind people at risk of homelessness, by making the most of resources and assets in local communities;

(3) that 71% of people who connected with the Staying In Project were now no longer at risk of homelessness, which eased pressure on Council services, protected homes and kept people in their communities; and

(4) that some enquiries from individuals about housing could reveal hidden tenancy issues, which if acted upon quickly could mitigate the risk of homelessness, or eliminate it completely.

After consideration the Partnership

(a) noted the report and thanked Mr Ramsay for his presentation; and

(b) raised a number of questions that were addressed by Mr Ramsay
