Scottish Fire and Rescue Service – Local Fire and Rescue Plan 2022-23 – Performance for Quarter 1 noted.

10 There was submitted a report by Local Senior Officer David Murdoch, Scottish Fire and Rescue Service providing an overview of the current performance of the Scottish Fire and Rescue Service (SFRS) for the period Quarter 1 2022/23, from 1st January to 31st March 2023, advising

(1) of the progress made in relation to local fire and rescue plan priorities on the prevention and reduction of accidental dwelling fires, deliberate fire setting along with details for each Glasgow City Council ward with the year-on-year percentage change and 3-year average change;

(2) that unintentional injury or harm had seen an increase from the previous years quarter;

(3) that work was ongoing with Police Scotland to identify road accident hotspots and placing QR codes linked to road safety campaigns around the city;

(4) that non-domestic fires had incrased from the previous years quarter, with all fires within non-domestic premises being followed up with a visit from an SFRS Protection Officer who would carry out a post fire audit;

(5) that changes to the SFRS Unwanted Fire Alarm Signals (UFAS) response from 1st^{t} July 2023 had seen a significant reduction in the number of false alarms attended by operational crews;

(6) that when more UFAS data was available, a further update would be provided to a future meeting; and

(7) that the prevention and protection team had been supporting building owners where issues had arisen with the external wall systems.

After consideration, the Partnership

(a) thanked SFRS for

(i) the comprehensive information session held for all elected members on the strategic service review and the impact it would have operationally within Glasgow; and

(ii) sharing its slides and report with the elected members who had attended the session; and

(b) noted that SFRS would hold further meetings with elected members if requested.
