PLANNING PARTNERSHIP

Community Planning

Partnership Working - Improve outcomes and reduce inequalities and deprivation in the City

Purpose - Bring together the resources of local public services and communities to drive change

Local Outcomes Improvement Plan – Action Plan for the City

Legislation - Part 2 of the Community Empowerment (Scotland) Act 2015

*"Community planning is about how **public bodies work together and with the local community** to plan for, resource and provide or secure the provision of services which **improve local outcomes in a local authority area, with a view to reducing inequalities**."*

Community Empowerment (Scotland) Act 2015 Part 2 Community Planning: near-final guidance and regulation

Steps to Develop a Locality Plan for Castlemilk

1. Help set up community steering group
   - Tenure and CDP maps prepared
   - Approach RSLs for TSS inclusion
2. Household survey developed and distributed
   - Asset map prepared
   - Neighbourhood profile prepared
3. Stakeholder Analysis
   - Carry out focus groups with stakeholders
   - All responses analysed and report co-produced
4. Draft action plan co-produced
   - Community event to feedback back results and refine action plan
5. Final plan published
   - Final plan launch co-produced
6. Outcomes monitored and action plan reviewed
   - Progress reports produced

- The refinement stages are critical as it may not be clear what type of plan is required, i.e. a Locality Plan, a Local Place Plan, Town Centre Action Plan or a Community Led Action Plan
- Embedded National Standards of Community Engagement
- Embedded action research principles
- Local people involved in as many stages as possible
- Action plans should identify outcome leads and potential funding sources, these should be viewed as tasking models – we are required to demonstrate progress
- Action plans should influence the direction of community benefits and planning obligations
