The Edge Gym - Installation of gender neutral toilet, shower and changing facilities **PRN:** 029/21	Funding is requested towards the cost of installing a gender-neutral toilet and shower/changing facilities to ensure members of the club have access to modern, clean washroom facilities accessible to all, particularly young people and those who identify as non-binary and members of the wider LGBTQ+ community, a recognised vulnerable group The facility continues to recover from the considerable challenges and restrictions imposed by COVID-19, and there is a need to invest in essential improvements to maintain established high standards of safety and hygiene to make members feel secure and comfortable. Currently, there is single small male and female toilets that do not provide shower facilities or enough room for changing in private and these are not sufficient for members many of whom cycle, walk or run from Yoker, Scotstoun, Jordanhill, Knightswood, Partick, Hyndland and Kelvindale. Members of the LGBTQ+ community have identified this as a priority requirement since existing facilities are inappropriate for their use and may negatively impact inclusivity. YoMo (Glasgow) YoMo (Glasgow) – Mental Health Support PRN: 327/23	YoMo has been running Walk & Talk (W&T), a service that supports young people's mental health, for around 18 months with volunteers and YoMo staff delivering the service. YoMo would like to address the demand for this service by asking for funds to provide new W&T only staff to work across the city. W&T for young people costs £250 per young person. YoMo are seeking short term funding in order to address the increasing demand for the service, and to allow the organisation to find a longer term solution/funding for the project going forward. YoMo require to further evidence the impact the project is having on young people before they can be successful with NHS or other bigger funders – this grant would allow them time to gather this evidence. W&T is a unique service that has had great success is supporting the mental health crisis for young people in Glasgow. The service has a youth work approach – it is not counselling or mentoring and is more young person friendly than CAMHS. The W&T programme provides one-to-one support to young people aged 12 to 25 who are mostly experiencing isolation and loneliness, exacerbated by the pandemic, and lack confidence. Staff meet young people outside for a Walk and Talk session for around an hour each week. They act as a “listening ear” and offer support with stress management and positive	Sustainable Communities	£25,500 Match funding: £0	£25,500 All 23 Area Partnerships to consider a pro rate award of £1,109.00 each to support 10 local beneficiaries in their ward areas. :	Consider an award of £1,109 pro rata for a six-month programme to 31 March 2024

	thinking staff would explore with the young people ways to build their confidence and self-esteem through encouraging them to invest in their own self-care. W&T supports four key outcomes which are being delivered across the programmes currently. These are: • Young people are less socially isolated than previously • Young people are more confident • Young people have improved mental health and wellbeing • Young people have acquired new skills and are more employable. In its first months, the NHS Health Promotion Team carried out an evaluation on the project. The Health Promotion Team value this service and are supporting YoMo to develop the service as it is addressing the need for more and flexible approaches to youth mental health issues across Glasgow. This funding would allow YoMo to meet demand and address the recommendations in the report (increase the systemic evaluation of the project) to allow YoMo to be in a better position to source longer term funding going forward. This funding will support 10 additional young people in Drumchapel/Anniesland. **Purpose of Grant:** 96 young people supported by staff hours (YoMo) £24,000 Travel costs of £62 bus pass x 12 x 2 (Glasgow Transport) £1,500
