Hillhead Infrastructure Fund 2022/23 – Funding approved – Request to the Executive Director of Neighbourhoods Regeneration and Sustainability.

8 There was heard an updated report by Ms Francine O'Rourke, Neighbourhoods, Regeneration and Sustainability (NRS) and Councillor Wardrop, regarding the recommended options for spend towards Neighbourhood Infrastructure asset improvements, advising of

(1) the road surfacing, drainage work and lighting to be carried out; and

(2) a budget surplus that would be available for work in Wilton Street, Gibson Street and Hillhead Street, out-with the infrastructure fund.

After consideration, the Partnership

(a) noted

(i) the report;

(ii) that the budget surplus work would not include footpaths;

(iii) that Councillor Wardrop had collated information from community representatives within the Ward to confirm the work that required immediate attention;

(iv) that NRS would re-cost the work and provide updated information to members of this Partnership; and

(v) the issues surrounding installing CCTV in private lanes and that NRS would look into the option of adopting private lanes;

(b) requested that the Executive Director of Neighbourhoods, Regeneration and Sustainability investigate the removal of a number of broken poles within the Ward, due to being a hazzard to children and residents;

(c) approved funding, as detailed in appendix 1 to this report, compiled by Councillor Wardrop based on Wards requests, with Options 3 and 4 to be actioned as a matter of urgency by NRS; and

(d) hightlighted concerns ragarding the use of black tarmac to replace broken pathways, which was unsuitable for the elderly and residents suffering from dementia and requested that a white chip be used to lighten the colour of the tarmac.
