Glasgow Third Sector Interface Network update noted.

12 There was submitted a report by Ms Anna Dyer, North West Glasgow Voluntary Sector Network (NWGVSN) providing an update on its work, noting

(1) that the network would be attending the Glasgow Communities Fund Review Panel followed by 2 training sessions for Community Council members, who would be participating in the Review panel;

(2) that NWGVSN had supplied over 750 PC packages to referrers across North West Glasgow and thanked donators, referrers and funders for their continued support, however would now seek help with acquiring/funding much needed Wi-Fi boxes to continue to give 6 months free unlimited Wi-Fi with pc packages and the network can be contacted at https://nwgvsn.org.uk/network-it-recycling-project-update/;

(3) the network's concerns at the dramatic increased reliance of food banks, community fridges and community shops;

(4) the NWGVSN proposal for an increased Nursery Provider Partnership Funding, which had been referred from the City Administration Committee to the Education, Skills and Early Years Committee, as detailed in the report;

(5) that the network had been waiting on City Building to carry out repairs at Woodside Hall and had been advised that an Entertainment Licence would take several months to be approved and that NWGVSN would write to Councillor Wardrop to highlight the network's concerns;

(6) the network's concerns regarding parking issues and the additional costs for members; and

(7) that Glasgow City Council has published a list of premises, mainly libraries, which would provide warm hubs to offer refuge to residents who are unable to afford to heat their homes and the network's concerns regarding this, as detailed in the report.

After consideration, the partnership noted and thanked Ms Dyer for the report.
