Scottish Fire Rescue Service ward update noted.

5 There was submitted and noted a report by Station Commander Graeme Morrow, Scottish Fire and Rescue Service (SFRS) regarding the current issues, incidents and work being carried out in the ward for Quarter 1, from 1st April to 30th June 2023, advising the Partnership

(1) that the service had attended 202 incidents of which 8 were dwelling fires, 21 special services and 8 building/vehicle fires;

(2) of the work carried out by SFRS in reducing the amount of water deaths in Scotland by running a QR code campaign around the city's waterways and due to the success of the campaign SFRS had now initiated the same strategy for road safety linking the QR code to Road Safety Scotland sites; and

(3) that the Service had attended 43 false alarms across the Ward and carried out 249 home safety visits, across the North West of the City and 32 engagement activities.

After consideration, the Partnership

(1) noted the report; and

(1) raised concerns in relation to the removal of an appliance from Maryhill Fire Station questioning if SFRS had seen any impact to the Ward since its removal, which in response Station Commander reassured the Partnership that SFRS would continue to provide a full service as normal.
