**Progress with leadership capacity building and professional learning – Update noted etc.**

**4** There was submitted and noted a report by the Executive Director of Education Services regarding the progress in leadership capacity building and professional learning in Education Services, advising

(1) that Education Services and schools provided a range of high quality and innovative professional learning opportunities to build leadership capacity at all levels in a networked learning organisation;

(2) of Glasgow's leadership framework, as detailed in the report;

(3) of membership and timetable of meetings of the Leadership Strategy Group and that all leadership workstream officers reported to this group;

(4) of updates for each of the leadership workstreams, as detailed in the report; and

(5) of the next steps.
