Local Heat and Energy Efficiency Strategy – Update noted etc.

2 With reference to the minutes of the Environment, Sustainability and Carbon Reduction City Policy Committee of 7th March 2022 (Print 7, page 530), agreeing to continue to support the development of a Local Heat and Energy Efficiency Strategy (LHEES), there was submitted a report by the Executive Director of Neighbourhoods, Regeneration and Sustainability, advising of the

(1) progress on the development of Glasgow's LHEES and planned stakeholder and public consultation;

(2) current status of the project including the evolution of the legislative framework, the methodology for identification of the heat zones and the areas that required consultation to finalise the strategy before adoption and publication, as detailed in the report; and

(3) next steps in the process, as detailed in the report.

After consideration, the committee noted

(a) the progress being made in the development of Glasgow's Local Heat and Energy Efficiency Strategy together with the planned consultation; and

(b) that the final Glasgow Local Heat and Energy Efficiency Strategy would be submitted to this committee and the City Administration Committee before the end of 2023.
